Chamber Seeks Solution to Orinda Hwy. Traffic Mess

"Five children have been injured in traffic accidents on Orinda Highway and something has got to be done about it," John Ogden exclaimed at the Tuesday noon meeting of the Orinda Chamber of Commerce at Casa Orinda.

Ogden, who presided in the absence of chamber president Maynard Buehler, urged some solution to the traffic problem on Orinda Highway two weeks earlier at a Chamber meeting. He informed chamber members that a nine-year-old boy was hit by a car Tuesday morning on Orinda HHighway (see story page three, columns 1 and 2).

BILL KOCH, fire marshal, is conducting a study of traffic accidents and their causes along Orinda Highway and asking children at Pine Grove School if they wish to ride bikes, buses or walk to school.

The Civic Affairs committee of the Orinda Association is also working on the traffic problem along Orinda Highway.

Residents who wish to present data concerning dangerous traffic conditions should call Koch at the Orinda Fire Department, urged Ogden.

CLARENCE BETZ, secretary of the chamber, read a letter of the Orinda Library Board asking for another $250 toward expenses of the building campaign.

After a lengthy discussion on the matter and pointing out the chamber had already given $250, Ernie Poll stated that even though the chamber has a policy against donating to charities, it was the responsibility of the chamber to comply with the association's request.

Action on the library board request will be taken at the January meeting, said Ogden.

The chamber will skip its December 16 meeting, unless the membership is notified otherwise.

GUEST SPEAKER for the day was Assistant District Attorney Tom McBride, who discussed the Brown Act, which requires the actions and deliberations of all public bodies, be conducted openly.

He described the act as one vital to the democratic processes in California, in keeping public business out in the open.

The act prohibits any legislative body from meeting without 24 hours notice to newspapers, radio or television stations requesting such notice.

Horace reed reported to the chamber that the total of protests to the proposed incorporation of Orinda totaled, as of Monday, $1.6 million in assessed valuation unimproved and that a gross total of 4200 protests had been received.

What Does Orinda Desire In a New Local Library?

An Editorial

Orinda needs a new library. The need for it and the inadequacy of the present library have long been obvious.

In the fund drive being conducted by the Orinda Library Board, under the leadership of President Perc Brown, $83,000 has been pledged (of which $63,600 is "cash in hand").

In reporting this to the community and in outlining perspective for the future, Brown poses the question which the people of Orinda must answer:

WHAT DOES Orinda want in the way of library facilities?

The people of Orinda should be congratulated for supporting the Library Board program, and the Library Board officials deserve high praise for doing such an outstanding job.

But, as Brown points out, the job is not yet finished. Or is it?

Now is the time for the people of Orinda to decide what type of library building and facilities they desire; the total amount of money that will be raised will determine the quality of the facilities.

Will the people be content with the limited facilities which would be provided by $83,000—an amount which Brown describes as "insufficient"?

Do they want the kind of library which would be possible with $100,000 or less—an objective which Brown suggests if the community is willing to forego certain features originally contemplated?

A community in planning and building a library—or any other needed facility—is in the same sort of position in which a family is when it plans and builds its home. The questions are: What sort of structure do we want? What can we afford? How much more additional money can be obtained, for "extra" features or for later expansion?

The people of Orinda must furnish the answers, in regard to the much-needed new Orinda library. We are confident they will continue their whole-hearted support of the Orinda Library Board's objecitves.

Transaction Now in Escrow For Glorietta

With the goal that of having them ready for use by September of 1958, the additions to the Gloriette School on the property recently acquired from Dr. Miles Hudson are tentatively scheduled for start of construction around February 1, Orinda Superintendent of Schools stated yesterday.

Sheaff's statement followed his report to the Orinda School Board Monday night that negotiations for the 2.9-acre parcel had been completed and that the $15,750 transaction was in escrow.

Sheaff told the board, at its regular meeting at Pine Grove School, that plans and specifications were being completed by architect Jack Buchter, who is expected to submit them to the State Department of Architecture within a month.

The additions to Glorietta School will include three classrooms, one library room, one new kindergarten room and a stage added to the existing multi-purpose room.

AT THE MONDAY night session the board requested Sheaff to ask the Educational Advisory Committee, a local citizen advisory group, to determine community feeling on improvement of a 6-acre site near Fallen Leaf Lake in the Lake Tahoe area, if the Orinda School District develops that site as an outdoor education school.

The board made its request of Sheaff after Frank Isola, district physical education and recreation director, had reported that the Forestry Service of the Department of the Interior, before it grants a permit to the local district, wants assurances that the school district is willing to develop the site over a 15-year period.

For the past three summers the Orinda School District has maintained an outdoor education school on a 2-acre site at Echo Lake, for students who will enter sixth grade in the fall.

"This outdoor education school program is one of our answers to the problems of the gifted child and of scientific studies," Sheaff said yesterday: "Science isn't just the atom bomb. At these outdoor schools children are taught about nature and how to take care of themselves in the open."

SHEAFF REPORTED to the board that the school district had lost $96,000 in state apportionment funds during the past five years because parents kept their children out of school for reasons other than illness.

The superintendent explained that the basic apportionment from the state is based on average daily attendance, and that the only absences which would not result in curtailment of such apportionment are those resulting from illness.

The board increased the Pine Grove School cafeteria luncheon prices 5 cents—from 25 to 30 cents for children, and from 35 to 40 cents for adults. Reasons given were that the price of food has gone up and that federal government surplus food supplies have been curtailed.

THE BOARD received an audit report from Matthews, Weeks and Johnson, public accountants of Walnut Creek, who recommended that the school district maintain a complete property and equipment record for auditing purposes.

The trustees asked the firm to submit a proposal as to how to set up such a record and what it would cost to have it set up by the firm. They also asked the accounting firm to make a proposal as to what it would charge for doing the district audit for a three-year period.

Moraga Vale Pool Gets Enthusiastic Support at Meet

Enthusiastic support of the newly organized Moraga Valley pool has resulted in the purchase of approximately two-thirds of the available memberships within 10 days, according to the officers of the non-profit community swimming and recreation facility.

Trip to Russia Told to Rotary

Ted Lachelt, owner of Lachelt Travel Service, Oaland, told the Orinda Rotary Club Wednesday of a trip he and 14 other United States tavel agents took to Russia in the fall of 1956.

The speaker stated that, despite the efforts of the Kremlin to distort the picture of America, the ordinary Russian people are eager to learn about this country. However, Lachelt predicted it would probably be a long time before travel arrangements would be easy between the United States and the USSR.

Joseph Longacre was program chairman at the weekly luncheon meeting at the Oirnda Willows. President Robeson Smith conducted the meeting.

At next Wednesday's 12:15 p.m. luncheon meeting of Orinda Rotary at the Orinda Willows, the guest speaker will be Dr. A. E. Bennett, chief of the psychiatric service at Herrick Memorial Hospital, Berkeley, and a Lafayette resident and a professor of psychiatry at the Univesity of California. His topic will be "Psychiatric Service in the General Hospital."

'Lost Huck Finns' Found Sleeping By Calo Bloodhounds

Two youthful Pleasant Hill imitators of Huck iFnn were returned to their home after bloodhounds led frantic searchers to their secluded camp approximately a mile from their home Sunday morning.

Instrumental in the finding of the children were the Calo bloodhounds of Los Gatos and deputies of the Contra Costa Sheriff's office.

WILLIAM THOMAS, 11, and his sitser, Cecilia, 9, were found tightly wrapped in their sleeping bags at 1:30 in the morning. Their dog, Baron, was on watch between the two of them.

At least 10 deputies had been searching throughout the hills behind the Contra Costa Canal before Russ Cone and his hounds arrived.

They were escorted by sheriff's officers and police of four counties from their Los Gatos home.

The dogs found the children in approximately 40 minutes from the time they arrived at the home of the William Thomas', 41 Pleasant Hill Road.

THE PARENTS told sheriff's officers that they did not become alarmed until Saturday evening because the children often went off on all day hikes.

"We were just exploring," the children told their parents when they were found.

With them the children had sleeping bags, an ax, shovel, matches, frying pan, two pounds of hamburger, a box of salt and several quarts of water.

Mario will be introduced as a "new talent." Familiarly known as "Butch" by his many friends, the youth has been studying the trumpet for several years. On November 24 he was trumpet soloist with the Berkeley Young People's Symphony Orchestra at the Oakland Auditorium Theater.

Car Kills Man, 69, In Crosswalk

A 69-year-old resident of Sunset Village was struck down early yesterday morning in a crosswalk on Mt. Diablo Boulevard and died eight hours later at Kaiser Hospital in Walnut Creek.

Elmer Chance, 3783 Sundale Road, Lafayette, died at 3:05 yesterday afternoon. He was struck down at 7:10 a.m. by Robert Baccus, 3812 Broadway, Oakland, according to the California Highway Patrol.

Two unidentified cars are also being sought by the CHP as possibly being involved in the accident. At least four eye witnesses to the accident have reported the case to the CHP's investigation officer, W. J. Jory.

Chance was in a pedestrian crosswalk when he was hit, according to the witnesses.

Officer William Hamilton informed The Sun that a citation was pending earlier for a failure to yield right of way to a pedestrian earlier in the day, but in light of Chance's death, the case would be turned over to the District Attorney's office for future investigation.

Baccus, 54, told inspecting officers that he was east-bound on Mt. Diablo Boulevard in the curb lane and he saw a car attempting to make a left turn into Green Village Road. He slowed down and noticed another car pulling out of Green Village into Mt. Diablo Boulevard.

He stated when he hit Chance, he was going approximately 30-35 miles per hour. He skidded six feet, according to the CHP report. Hamilton noted that the crosswalk was 10-12 feet wide and in a 45 mile per hour speed zone.

Chance is survived by his wife, Ruth; three sons, Robert J. of 41 Los Cerros Place, Walnut Creek; Kendel, 4 Camino Sobrante in Orinda, and Louis of Denver, and six grandchildren.

He was a manufacturer of bridal veils in San Francisco. Funeral plans are pending and an autopsy will be performed by Contra Costa Deputy Coroner James Hull.

Bunce Swindle Case Blown Wide Open Again by SFDA

Retrial of the 19-year-old secretary of convicted stock swindler John Bunce of Orinda has been ordered to be January 20 by Judge C. Stanley Wood Tuesday in Oakland Municipal Court.

Gail Harrison of Walnut Creek was accused of breaking into the Oakland office sof the Bunce firm October 18 to remove office records.

The complaint was signed by Thomas F. J. Carroll, president of the Pacific States Securities Corporation.

BUNCE, who is now doing a 2-15 year sentence in San Quentin prison on two counts of grand theft and violation of the corporate securities act was vice president of the firm.

The first trial of Miss Harrison ended in a hung jury which was 7-5 in favor of acquittal when it was dismissed

MEANWHILE IN San Francisco an investigation has been ordered into the relationship between a San Francisco assistant district attorney, head of the fraud section, and Bunce, District Attorney Thomas Lynch said.

Lynch said that he has called back a top ranking deputy district attorney to investigate the relationship between William Acton and Bunce.

Lynch told The Sun that the entire matter will be brought before the San Francisco Grand Jury December 16 and will include a report from Acton on the connection and his offices' findings.

ASKED IF HE was prepared to make a statement at the present time, he noted he could not since the investigation was still underway and he could not give any details to "anyone."

Acton, has been named a defendant in an $85,000 damage suit filed in Alameda County Superior Court by San Francisco, Contra Costa and San Mateo county residents who claim they were swindled by Bunce. The suit names, in addition to Bunce and Acton, Carroll.

Approximately 15 persons charge they were swindled in stock dealings between October of last year and September of this year.

No legal aid will be given to Bunce as far a sthe firm's bonding agent, Massachusetts Bonding and Insurance Company, is concerned.

AN OFFICIAL statement from the company said: "Our company is taking the position that Bunce was acting as a private individual and not as an officer or agent of Pacific States Securities."

"We will not participate legally in the defense of the suit brought against Carroll, Acton and the corporation," the statement declared.

Acton was the secretary-treasurer of the now defunct firm.

Miss Harrison has stated she wishes to cooperate with authorities in the case and to disclose all she knows of Bunce and his firm.

IN COURT, MISS HARRISON testified Carroll had threatened to have her jailed if she said anything linking Carroll to Bunce's activities. She also testified that she previously had lied to protect Carroll and that Carroll had prior knowledge of what Bunce was doing.

"We intend to trace every single transaction, every ramification of Bunce's activities and the entire history of Pacific States Securities," Lynch reiterated.

Have you turned in your suggestion for the Orinda Man (or Woman) of the Year award? The committee of local citizens who will select the person for the honorary title will welcome your suggestions.

The annual Orinda Man of the Year award is sponsored by The Sun, but decision is by the committee, which can consider or select any local person, regardless of whether or not the person has been suggested by the public. The committee members will be named shortly.

The committee will choose the person it deems to have contributed the most toward the welfare of Orinda during 1957; activities for prior years will also be considered.

So jot down your suggestions and send them to The Sun, P.O. Box 147, Orinda. Your recommendations will be turned over to the committee. Although this is not a popularity contest or an election, the committee needs your suggestions so as to enable it to deliberate thoroughly.

Announcement of the Man (or Woman) of the Year selection will be made in the January 3 issue of The Sun. Later the honored person will receive a certificate from The Sun.

Fender-Benders Submit Their Report on Incorporation...

(Editor's note: The following letter to the editor arrived at The Sun office this week. It is published here without further ado.)

Dear Editor:

Here is the Fender-Bender Carpool's final report on incorporation. In retrospect, what the proponents of incorporation most needed was a positive program aimed at **improved education,** and fun. Like this:

Part I

Key officer of the newly incorporated city of Orinda would be the Real Estate Deputy. He would impose fines, wherever possible, on builders for any violation of any laws he sees fit to enact on the spur of the moment. Such fines would carry a 20 per cent commission to the deputy — non-taxable. Remainder would be turned over to the School Board.

(Before proceeding further it should be understood that all officers of the city would be filled by the highest bidder at an open auction to be held at the Crossroads the day following incorporation. Moneys received would be immediately turned over to the School Board.)

Part II

Another key officer would be the "Happy Friday" Deputy. He would sell "Happy Friday" stamps to all male inhabitants of Orinda. Each male citizen over 18 would be required to take his wife, or other reasonably presentable lady, out every Friday evening, leaving one "Happy Friday" stamp at a minimum of one bar, one eating place and one theater. Any male with stamps unaccounted for in the weekly collections would be fined $100 per missing stamp, plus 10 per cent interest monthly. At the same time the merchants involved would pay the deputy 50 cents per stamp picked up. Funds to be turned over to the School Board.

Part III

The Chief of Police would be required by law to arrest a minimum of 500 out-of-town persons each month for an average take of $5000, to be turned over to the School Board. If necessary, he would be empowered to detour freeway traffic through side streets in Orinda until enough offenders could be legally rounded up. For example, traffic could be routed into one-way streets the wrong way for quick hauls. Any collections over $5000 would carry a commission of 50 per cent to the Chief.

Part IV

The Orinda Garbage and Disposal Service contract to Joe Navone would be renewed only on the following basis: Any student of any Orinda school (including Orinda students of Acalanes) who received one or more grades below C would be assigned to serve for three months on Joe's early morning crew without pay. The name of the firm would be changed to "Below-C-Level Scavenger Service." Mr. Navone would pay the School Board $1 per hour for each child-hour worked.

Part V

The incorporated city of Orinda would confiscate all lands and bodies of water "belonging" to East Bay Mud, unless said Mud agrees to allow the use of such lands for recreational purposes, including hunting in season. East Bay Mud would also agree to stock the lands with pheasant, quail and trout, build appropriate marinas for small boating and maintain adequate water levels in the three reservoirs at all times. East Bay Mud would also agree to post public notice of the offer to sell property in the future so that favored citizens would not invariably get first crack at choice parcels. At least three Orindans would serve on their board of directors, appointed by the new city council. In case of failure to comply, a proclamation would be issued making it "open season" on all East Bay Mud patrolmen, with a $50 bounty.

Part VI (Let's Get Serious)

The newly incorporated city of Orinda would collect a flat $1000 from every person building a home in Orinda. This sum would be turned over to the School Board to help defray the cost of educating the children of the new home owner. This is only fair since he is adding to the overcrowding of facilities largely paid for by present residents whose children are being penalized.

SUMMARY: If the proponents of incorporation had concentrated on the paramount problem of developing the finest schools in California, rather than self-government, rural atmosphere and civic centers — who knows?

Secretary (Name withheld on request),
Fender-Benders.

Teenage Orinda Girl Tells Pal Of Suicide Try

Parental and school problems led to the reported attempted suicide of a 15-year-old Orinda girl late Monday afternoon.

The girl called a friend in Oakland and said she had taken 12 seasick pills and was going to swallow ant poison, according to a report of the Contra Costa Sheriff's office.

When deputies arrived at the home of the child, she told them she had not taken the ant poison. A search by deputies failed to produce any poison.

In other criminal activity, Leo Troy, manager of the Associated Station at the Orinda Crossroads, reported $18 worth of oil taken sometime Tuesday night.

CENTRAL VALLEY NATIONAL BANK will have its 17th office on Moraga Highway in Orinda, directly across the street from the Orinda Theater. This sketch, prepared by Indenco Engineers, Inc., of San Leandro, the firm which has designed and will build the structure, shows the envisioned appearance of the $100,000-plus project. Rezone Hearing On Happy Valley Is Next Tuesday

Public hearing on petitions asking establishment of a county service area is scheduled for 10 a.m. next Tuesday before the County Board of Supervisors in Martinez.

The petitions, distributed and filed by the Lafayette Library Association, were signed by about 45 per cent of the registered voters in Lafayette, according to W. B. Scarborough, president of the association.

In order for such petitions to qualify, signatures of only 10 per cent of the registered voters are required.

UNDER A RECENTLY enacted state law, the type of district being sought can be set up for the specific purpose of obtaining funds for library site acquisition and library construction; once this purpose has been accomplished, the district is automatically dissolved.

The proposed district is 13½ square miles in area, including all of the Lafayette Elementary School District except the Sun Valley area adjoining Walnut Creek.

Boundaries were approved by the County Boundary Commission August 27.

THE PETITIONS, which were circulated by volunteer workers under direction of Mrs. Bernice Mills, call for establishment of a special service area to provide tax money for a building to replace Lafayette's present library on Moraga Road a short distance south of Moraga Boulevard, which have long been generally recognized as overcrowded and inadequate.

At next Tuesday's hearing, protests to the proposed tax district may be made.

No election is required; the Board of Supervisors, if it sees fit, can establish the special county service area.

Sanitary Board Gets $12,000 Bill

Contra Costa County has billed the Central Contra Costa County Sanitary District for $12,024 to cover the cost of relocating the District's sewer line for reconstruction of the Hariret Drive Bridge in Pleasant Hill.

The order for the billing was issued by the Contra Costa Board of Supervisors in Martinez.

THE SUPERVISORS ordered that the District be given 30 days to pay the bill and authorized the district attorney to file a suit, if necessary to collect the money at the end of that time.

The project was accomplished in conjunction with the flood control work relining the Grayson Creek channel.

A long standing dispute between the county and the district has resulted over who should pay for the relocation.

SEWER DISTRICT Attorney John Nejedly has opined the county should pay and the county has opined the district should pay.

Victor Sauer, county public works director, has stated that the law requires public utilities to pay the cost of permanent relocation of facilities.

"No matter who pays the bill it still comes out of our pockets,"

Cookie Lavegetto's Son, 9, Hit by Motorist in Orinda

The nine-year-old son of "Cookie" Lavagetto, manager of the Washington Senators, professional baseball team, was struck by a car as he crossed Orinda Highway to board a school bus Tuesday.

Ernest Lavagetto was taken to Kaiser Foundation Hospital in Walnut Creek.

According to a California Highway Patrol report, the boy was crossing Orinda Highway at Santa Maria Way with a fellow student from Sacred Heart School in Oakland when he was hit by the auto of William H. Foster, 1 West Way, Orinda.

Foster, 53, told police he was blinded by the glare of the sun against his windshield and did not see the boy crossing the street.

The youth was taken to the hospital where he was reported to be suffering from a fractured right leg, severe cuts and bruises. He was transferred to Merritt Hospital in Oakland.

The case is under investigation by the CHP.

Bay Area Growth Up 3.2 Per Cent

The Bay Area's population totaled 3,359,700 on July 1, 1957, and, according to figures supplied by the San Francisco Bay Area Council, the area's growth rate increased in the last fiscal year.

The growth rate for the 1957 fiscal year was 3.2 percent for an increase of 102,600 persons, compared with a 2.9 percent rate or a 91,700 increase during the 1956 fiscal year.

All of the Bay Area counties, with the exception of San Francisco, registered gains in population during the year. Santa Clara county accounted for almost half, 50,700, of the area's increase and had the highest growth rate, 10.6 percent.

San Mateo county was second in numerical increase, 20,500, while Marin, which ranked fifth in numerical increase, was second in growth rate, 6.5 percent. San Francisco's 1957 population was estimated at 776,000, a drop of 7,100 or -0.9 percent from the previous year.

Contra Costa county's July 1, 1957 population was 356,700. This marked an increase of 11,100 residents for a growth rate of 3.2 percent for the year, according to the Bay Area Council.

MerchantsBeware Of TV Boosters!

Merchants were warned this week to be on the look out for two "latin-looking" boosters who were victimizing stores by Inspector Norman Wilson of the Contra Costa Sheriff Department's Central County Sub-station.

The two men are operating in television stores stealing portable television sets primarily. The method of operation of the two men was described by Wilson as follows:

"The two enter a store and engage the owner or clerk in conversation. One distracts the seller while the other states he has to see the wives in the car. On his way out he takes a set with him. He re-enters the store and says the wives wish to leave and both men depart."

Description is as follows:

Possible name Richards; five feet six inches about 30 years; latin extract; husky build, 160 pounds; hair-line mustache; wearing working clothes.

No name known; slender, wearing light suit, dark hair; latin looking.

They operate between the hours of 3:30 and 5 and have hit stores in Concord, Martinez and Walnut Creek and are thought to be working the Lafayette-Orinda area also, said Wilson.

Emma Thickens Dies in Oakland

Funeral services were held Tuesday for Mrs. Emma Thickens of 40 Park Avenue, Walnut Creek, who died Saturday in Oakland after a brief illness at the home of her daughter, Miss Virginia Thickens.

A native of California, Mrs. Thickens was born in Sierra City March 6, 1873, daughter of John Trondsen Wold and Marie Rebecca Johnsen Wold, natives of Norway. She grew up in East Oakland and willalso be remembered by her many friends in Fresno by her maiden name of Emma Wold, where she was employed by the San Joaquin Light and Power Company for a number of years at the turn of the century.

Besides her daughter, she is survived by a brother, Edwin Wold of Ben Lomond, and her son, Dudley Wold Thickens and grandchildren Elizabeth Louise and John William Thickens of 3319 Sweet Drive, Lafayette. Dudley Thickens is secretary of the Diablo Highway Improvement Federation.

After the death of her husband, the late John William Thickens, in Oakland, Mrs. Thickens moved to Walnut Creek in 1917 with her two children, where she lived the last 40 years.

She was a member of the Walnut Creek Presbyterian Church and lived to see it grow from its first small church on Locust Street to the larger church on the same site and the present church on Oakland Boulevard, attending the cornerstone services in 1925 of the second church and the dedication ceremonies of the new chapel this year.

She was a charter member and secretary of the Saranap Improvement Association and librarian of the Saranap Branch of the Contra Costa County Library from 1923 until 1939. She was also a member of the Walnut Creek Women's Club, Fresno Country Club and California Booklate Society.

Services were held at 12:30 p.m. Tuesday at the Grant Miller Mortuary, 2850 Telegraph Avenue, Oakland, with the Rev. James Upshaw conducting the services. Interment followed in Mountain View Cemetery.

Taxpayers Get Bonus On County Road Monies

County taxpayers are really getting a bonus in roads here for their tax dollar. In fact, the county will have stretched slightly over $10 million to over $16 million by 1960 according to Victor Sauer, director of county public works.

How it works?

THE BOARD of supervisors and the public works department have slipped $4 million into the kitty from the general fund which enabled the county to qualify for another $1.5 million from the State.

More than $14 million has been spent to improve 19 major links in Contra Costa on its 1000 miles of roads.

Sauer has noted on several occasions there is a total need of $36 million in highway work to be accomplished here. Sauer stated that "the force of numbers pounds present thoroughfares to pieces while others are just being built or repaired themselves."

ANNUAL MAINTENANCE expense has been reduced almost one-third since over $10 million in road bonds was passed in 1952 and the cost is now between $1150 and $1250 per mile. It had been approximately $1665 per mile.

Where studies have indicated major traffic increases are due in years to come, wider rights of way have been purchased and roads have been graded for future additional lanes. Underground conduits have been installed for traffic signals which some day will be required, Sauer explained.

"Ultimate facilities are money in the bank for county taxpayers. Vast savings will be realized as the road bond highways are updated for future use," Sauer claimed.

PROJECTS IN the central county area completed or under contract are:

San Pablo Dam Road, rebuilt from San Pablo to Orinda in several contracts, $5,278,823.

Pleasant Hill Road and Pleasant Hill Bypass, Martinez to Lafayette, $3,251,887; Geary Road from Pleasant Hill Road to Ygnacio Valley Road, Pleasant Hill, $721,658.

Cummings Skyway and Crockett to Barry Hill in Franklin Canyon, $1,440,560.

Ygnacio Valley Road from Walnut Creek to Clayton Road; Moraga Highway from Glorietta Boulevard, Orinda, to St. Mary's Road, Moraga, $629,691.

An additional $400,000 was allocated to cities for specific improvements.

Projects still to be let to contract and their estimated cost are:

OAK GROVE ROAD and Treat Lane, Concord, surface and drainage improvements, $80,853; Castle Hill Road, Saranap to Highway 21, $31,000; St. Mary's Road, Moraga to Commercial Street in Lafayette, limited realignment and resurfacing, $135,000.

Kirker Pass Road, reduction of grade and four-laning at summit north of Clayton Road, $500,000; and Stone Valley, Green Valley, Diablo Country Club and Tassajara Roads, San Ramon Valley, limited realigning and resurfacing, $93,000.

Lost and Found: One Reserve Cop

Ever forget to mail a letter; forget a phone number or even forget to pick up something at the store?

Well if you have don't worry a bit about it. Talk about absent mindedness, one Contra Costa Sheriff's Deputy went out with his reserve partner last Friday night to make a check on reported prowlers.

The two made a thorough study and the deputy sheriff got back in the car and drove back to his station—that's right—the reserve was found several hours later still waiting for his cohort.

Rheem Yuletide Party for Kids To Be Dec. 21

The first annual children's Christmas party under the sponsorship of the Rheem Center Merchants Association will be held Saturday, December 21, at the Rheem Theater.

Admission will be free to all children 12 years of age and younger who present tickets. Free ticketsare obtainable from all Rheem Center merchants, according to President Frank Ketrrigan of the Rheem Center Merchants' Association.

"Santa Claus will be in the lobby of the theater from 9:30 to 10:30a.m. December 21, to meet the youngsters," Kerrigan said. "There will be gifts for all the kids.

"From 10:30 a.m. to about 12:30 p.m. there will be free movies. The pictures will probably include cartoons and a comedy."

Cooperating with the Rheem Center Merchants Association in arranging the event is Ben Randall, manager of the Rheem Theater, who, in addition to making the theater available, is donating the projector service and the film.

Rheem Center Stores Open Friday Nights

Starting last week, stores in Rheem Center are now open until 9 o'clock every Friday night between now and Christmas.

"The extra hours will make Christmas shopping easier at this convenient, varied and complete shopping center," Frank Kerrigan, president of the Rheem Center Merchants Association, said this week.

Suburbia Scribblings

By MARIE MONAHAN

Mary is a grand old name

One of our mother Troop Leaders was asked by one of her tribe what her first name was and replied that it was BETTY. Young scout fairly swooned over her saying: "Gee, that's a pretty name—Y' know? You're the FIRST Betty I've ever met . . ."

BACK IN THE GOOD OLD days, Betty was about the most popular, if not the most common, name of all. And only to avoid confusion did some of the schoolmaids resort to altering theirs to nicknames like Bets or Liz or Bette.

Like fashions & food, furniture & flowers, names go in cycles, too. And each generation has its favorites.

Why, the names of our daughter's fairhaired friends read like a Hollywood Roster!

What a press agent' dream to introduce names like Pamela Pixley, Dana Van Dyne, Shelley Scarich . . . and wouldn't Rory Reed, Robin Roth and Marcia Manners wear well on a movie marquis?

All very euphonious . . . and following the trend of alliteration.

Just as Betty, Jean, Mary and Margaret had their Hey Day, now Linda, Karen, Kathy, Susan and Deborah seem to be having theirs. MARY is STILL a favorite, and of them ALL, has best survived the years. Mr. Cohan knew what HE was doing when he wrote "It's a Grand Old Name."

MOST MOTHERS feel that choosing a girl's first name is like choosing the ribbon for a special package . . . it has to be JUST right!

Or different — Like Stacy, Tracy, Cindy and Saxe . . . Sage and Kelly and Cris. All of which are going strong on birth announcements at the moment.

And most of us, admit it, look for something unusual. Especially if WE grew up as Phyllis Jones, or Betty Smith or Grace Brown.

WE'LL NOT BE TOO SURPRISED if OUR daughters revert back to the "old-timers" for THEIR offspring. And we may even turn out to be Baby-Sitting Grandmas to a bunch of little Agathas. Amandas, Sarahs and Marthas. It might not be such a bad idea at that!

But baby, it's cold outside . . .

FAMILY REUNION recently when the junior Hayden Bridwells and their four youngsters Christine, Claudia, Brid and baby Karen Lee returned to their native habitat . . . Betty Briwell, the former Betty Farrar, eldest daughter of Dr. and Mrs. Lloyd Farrar and Hayden, son of the senior H. H. Bridwells, lived almost all of their lives here, until their recent move to Tahoe Valley where Hayden has a Mobil station. For them, it's a new experience living IN & WITH snow!

BIG GAME . . . Probably the happiest pair at the Big Game were Lois & Gerry Pixley who for a moment, morning of BG, tho't they never made it — Searched hi & lo, but couldn't find the tickets they'd bought 'way last June. Luckily, Gerry remembered the seat numbers and a call to Steven's Union saved the day, the couple going down w/Berkeley friends on the chartered buses following Brunch at the Claremont.

Among those making a holiday of the BG tradition, the Kennon Whites and the Monty Newmans who enjoyed a get-away to the Villa Motel for the wknd . . . Jan and Henry Soubielle drove down w/the Dick Naismiths, the foursome later dining and celebrating (?) in SF.

The Art Comerfords, Tom Howards, Addie Thompsons were in the stadium crush and friends of the Dan Carter's who bypassed the game this year were bid to celebrate THAT eve at the Carter's home in Sleepy Hollow.

Anyone ever find the wish bone?

TURKEY TALK . . . Over the hills & through the tunnel to Grandmother's house we go—John and Sharleen Hallenbeck and their two tots dined w/his parents at their home on Country Club Dr. in Oakland . . . The Donald Creagmiles drove to Hayward for a large family gathering of some twenty-five . . . The Bob Stearns crossed one side of Orinda to another to dine w/his parents, the Louis Stearns at their El Toyonal home.

Gobble! Gobble! A sumptuous repast at the Orinda Country Club was enjoyed by the Charles Bakers, the Ted Lahers and the John Gillivan family, to mention a few.

THE STORK competed w/the turkey in the Clarence Baker household on Moraga Hwy. . . . a third daughter, fourth child, was born Nov. 23 causing the Baker's eldest, and their only son, to remark "Boy, I'm sure outnumbered now!" . . .

And speaking of birds . . . did you know that Polly, the spanish-speaking parrot at the local pet shop, hasn't been feeling up to her crackers for a week? Since she's been recooping in the rear of the store, her partner, Poncho, separated from his side-kick, is moonin' low!

THE FESTIVE RED FROCK, the dress of the month THIS month, is already turning up in profusion at the season's earliest parties. Like mistletoe-launchers, many were in evidence at local parties last weekend. There was a gathering of good friends to welcome Home Robert Hampton at a party hosted by his neighbors, Fran and Miles Sutliffe at their Snowberry Lane residence, and another party in the holiday mood was given by Arline and Dwight Chapman at their lovely Camino Sobrante house which ITSELF was bedecked in lush yellow tones and boasting ITS new addition, a family room w/the old-fashioned feeling, artfully executed by Arline herself.

On Tarry Lane, Betty and Win Husar entertained w/a small dinner party Saturday night.

Life begins at forty!

AND WHEN KAY SMITH set out to surprise husband Mark on his recent HAPPY BIRTHDAY, she chose a paragon of a gift to present to her man — A Sterling silver YOYO, certainly a suitable reminder that Lige Begins at Forty!

ORINDA COUNTRY Club's Tennis Club held a dinner dance Sunday night and white tennis balls forming table centerpieces w/sprigs of greens & berries looked just like realistic snowballs . . . Donna and Dwight Skaggs were there, sharing a table w/their dghtr. Suzy and Mike Downs.

Arriving home just in time to enjoy the club's festivities were Faye and Hoppy Hopkins and their dghtr. Judy and son Jerry, all just IN from a holiday in Las Vegas and a Monterey-stay. The Miller Freemans and their sons were over from Happy Valley and also on hand were the George Merriams who'll toss their traditional tree-trimming party mid-month when guests are invited to bring a Xmas tree ornament they've concocted themselves.

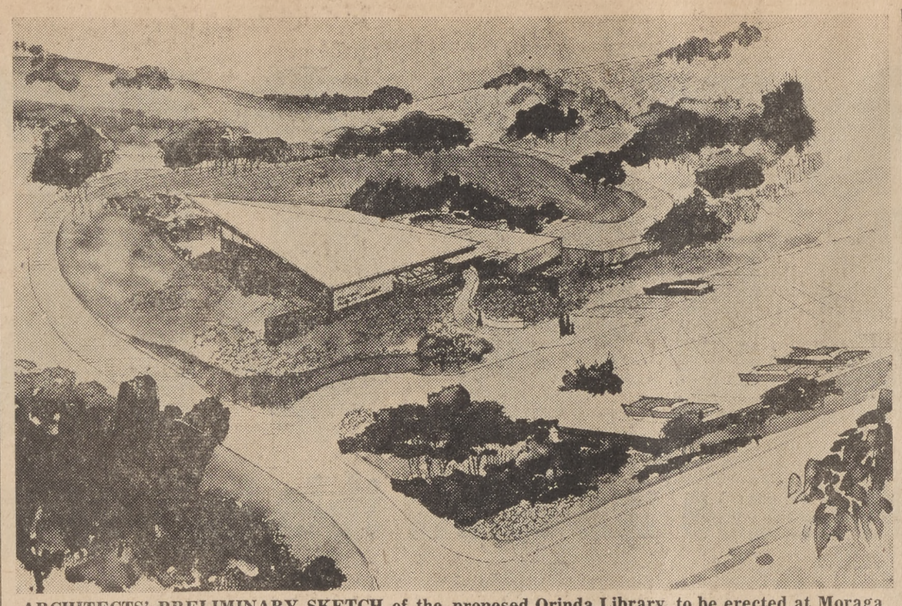

DOESN'T IT DO SOMETHING? And isn't it atractive? The very gay and soignee harlequin-patterned awning at the Downs' Village shop? Incidentally, Jean and Joe will be doing their decorating biz from the Village-side store while awaiting SPACE SPACE SPACE in the new building to get under way any day. Understand it will be adjacent to the new bank, next to Black's.

TIMBER-time for that tall twosome Sue and Alan Goldsmith & their youngsters when their new Sleepy Hollow home gets under way sometime before the holidays.

The Emil Pierres will move easy — from Overhill Drive to Hillcrest Rd.

Last yr. the Don Hefners moved into their new house on Loma Vista just before the Santa Season — this year, they'll move OUT soon after, due to the family's transferring to the southland.

Tomorrow night the Robert Pridemores will try something new — "Dinner & Duplicate" — which is simply Buffet & Bridge, if you have to ask like we did!

ARCHITECTS' PRELIMINARY SKETCH of the proposed Orinda Library, to be erected at Moraga Highway and Irwin Way, is shown here. The architects are Aitken and Collin. Orindans are now informed by the Orinda Library Board that the extent and quality of library facilities will depend on the total amount of money raised.

Board Tells More Details Of Orinda Library Drive

Because numerous questions have been asked of it since last week's article in The Sun on the Orinda Library fund drive the Orinda Library Board issued the following statement yesterday:

"We trust these remarks will further clarify the facts pertaining to the building of the new Orinda Library and appreciate the interest shown by some.

"1. Original preliminary plans were drawn using ideal known library standards, together with all pertinent factors, with the hope funds in hand and to be received would permit its being done.

"2. **WE THEN SECURED** preliminary cost estimates by competent estimators. We found an estimated $120,980 would be needed. This figure **did not** include cost of landscaping, cost of financing pledges, nor all insurance costs. These costs which would have to be added would bring the total to something under $130,000, or very close to the $125,000 informed estimate we made at the time we started the project last year.

"3. We do not intend to try to raise a total of $130,000. It is too arduous and time-consuming, and possibly could not be reached. We intend to depart from the ideal and to embrace the practical, which is the minimum of what should, also can, be done.

"4 After hacking away relentlessly with great amount of time and effort we feel the project can and will be done for $105,000 maximum. With approximately $80,000 in hand - $63,000 in cash, remainder in pledges - this explains why we need $25,000 in new cash contributions between now and the end of January, 1958.

"5 **WHY JANUARY**, 1958? Because Aikten and Collin, the architects, have been asked to draw revised and reduced final plans and specifications and have them ready by January 31, 1958.

"If Orinda is to have a library built and dedicated by August-September, 1958, the final plans must be frozen by the end of January. The Orinda Library Board will have to make its decision then.

"Its decision will be based upon the funds which it knows are positively available to it for this purpose. We hope it will not be necessary to then further alter and reduce the plans to below what should be minimum acceptable standards for Orinda."

PERC S. BROWN, president of the Orinda Library Board, added:

"How can Orindans help?

"(a) One thousand checks of $25 each from 1000 or more homes will do it, provided they do it and do it while it's in their minds.

"(b) Encourage their neighbors to do likewise.

"(c) Pledgers who are delinquent can help by bringing their payments up to schedule.

"(d) Pledgers whose payments are up to schedule can assist us by accelerating future payments or by paying up in full if and when such is possible. This will save the fund on cost of financing of pledges.

"WE FEEL CONFIDENT the community will be proud of this library. We are keeping the project on schedule, expecting you will enable us to carry it to completion. This is your library.

"If you intend to make another or a new contribution, please do it soon. New residents of Orinda - those who have moved in since solicitation - are invited to join this effort by sending in their contributions.

"The scale model will be on exhibition for the next week or so at the present Orinda Library. Orindans are urged to see it. We believe it will arouse your interest and support."

Candidates to Discuss Views

The 14 candidates for the directorships of the Orinda Association will be given a chance to air their opinions on incorporation and other Orinda problems at a special "Meet Your Candidate" assembly next Thursday at 7:45 p.m. in the auditorium of the Glorietta School, under sponsorship of the Orinda Junior Chamber of Commerce.

All residents of Orinda are invited to attend the affair.

The candidates will give short talks, then move down to the floor for group discussions with members of the audience.

Yuletide Feast Set by Matador Parents Club

With Yuletide spirit for a theme, the Miramonte Parents Club will hold its annual Christmas potluck supper Monday at 7 p.m. in the Miramonte High School cafeteria.

Entertainment will feature the High School Band and Chorus with Calvin Crabill conducting and a skit by the students' Drama Group, which is under the guidance of Miss Margaret Jacobsen.

Good food, Christmas songs, and fun are in store for the parents at this traditional get-together, according to Mrs. H. B. Minor, program chairman. Mrs. R. M Moorehead and the Hospitality Committee are in charge of the supper.

Lietner Listed On Honor Roll

Philip Leitner of Orinda is on the first quarter honor roll at St. Mary's College, announced Brother U. Cassian, F.S.C., Dean of the College.

Leitner, the son of Mr. and Mrs. Josef Leitner of 117 Meadow Lane, Orinda, is a senior biology major at St. Mary's. He graduated from St. Mary's High School of Berkeley in 1953.

Junior Rifle Club Awards Trophy to Dan Wehmeier

Fourteen-year-old Dan Wehmeier of 3603 Powell Drive, Lafayette, was awarded the first-prize trophy at the Lafayette Junior Rifle Club program at the Veterans Memorial Building last Friday night.

Second prize, a Gun Digest magazine, went to Mark Winkel, 14, of 953 Dewing Avenue, Lafayette, and third prize, a rifle-cleaning kit, was presented to Thomas McCord, 12, of 412 Lennox Court, Pleasant Hill.

The awards had been won at the recent club championship shoot at the Ruben Stirton ranch south of Lafayette. Presentation was by W. T. Hartman of Lafayette, member of the Advisory Board of the Lafayette Junior Rifle Club.

OFFICIATING at the awards program was Newell Mayfield, adult leader of the Lafayette Junior Rifle Club. Mayfield, a Lafayette fireman, conducts classes in hunter safety for boys and girls of 12 through 16, and also guides the Junior Rifle Club in its efforts to master marksmanship.

Next club shoot—a practice session—will be at the Ruben Stirton ranch December 14, from 9 a.m. to 3 p.m.

There are no charges for the hunter safety instruction. Fees per member in the Junior Rifle Club are $4 a year—this includes $3 annual dues and $1 insurance for the group.

SOME 35 PERSONS were present at the program last Friday night. Among these were only nine of the club's 23 members.

Expressing disappointment over the turnout, Mayfield, who lives at 3621 Walnut Street, Lafayette, said later:

"There are many more awards to be won, but the boys themselves will have to participate in more actual practice on the range and in more club activities."

Weinberger Will Talk to GOP Joint Meeting

"What's ahead for California" will be Assemblyman Caspar W. Weinberger's topic for his talk to the combined memberships of the Orinda and Lafayette Young Republican Clubs Wednesday at 8 p.m.

The two organizations have invited all interested persons to attend the meeting at the Orinda School auditorium.

Assemblyman Weinberger is serving his third term in the California legislature.

Mr. Weinberger is chairman of the Platform Committee of the Republican State Central Committee, and in 1955 was selected by the newspaper correspondents in Sacramento as the most able member of the state legislature.

Kiwanis Club Will Install On Wednesday

The Lafayette Kiwanis Club will holds its installation night dinner at 8 p.m. next Wednesday at the Danville Hotel in Danville. Guy B. Catterton will be master of ceremonies.

After remarks by Kiwanis Lieut.-Gov. Charles Brown, installation of new officers will be conducted by Lieut.-Gov.-elect Dr. Vern Edwards.

James Ring will be installed as president, to succeed Dr. Ray L. Hermann. Other new officers to be installed are Dr. Ken Holcomb, vice-president; Armand Johnston, second vice-president; Al Maffei, treasurer, and Ed Brown, secretary.

District Secretary Fred Kisteman will install the following as directors: Max Coons, David Cotton, Bill Clyatt, Al Ingalls, John Schmidt, Bill Collins and Ralston May.

VALLEY VIEW ESTATES residents turned out 60-strong last weekend to landscape the 600 feet of Turner Ave. that abuts the subdivision. Turner Avenue is the frontage road along the northside of the Lafayette Bypass, starting at Oak Hill Road. Among those at the landscaping project were, left to right, Don Reichert, president of the Valley View Improvement Association; Linwood Clark, head of that group's public service committee; Ray Graham, Pamela Graham and Mary Ellen Graham.—Sun Photo by Mattson.

Many Stores Now Open Until 9 P.M.

Starting next Monday many stores in Lafayette will be open until 9 o'clock every night, (except Saturday nights), up to December 23.

This is an added service for the convenience of shoppers, to make their Christmas shopping easier.

Many of the Lafayette stores are regularly open every Friday night until 9 o'clock. The additional schedule makes the nightly openings in effect Mondays thru Fridays.

In Orinda, plans for store hours during this period preceding Christmas have not been announced, but some stores, including Ogden's and the Village Shoe Shop at the Village Shopping Center, are open regularly every Thursday night until 9 o'clock.

Rheem Center stores are open until 9 o'clock every Friday night, until Christmas.

Dinner Is Next Friday

Lafayette Democratic Club will hold a potluck dinner and business meeting next Friday at the Douglas R. Page home, 2640 San Antonio Drive, Walnut Creek.

Patrick L. Sullivan, president, will outline plans for a January meeting at which Democratic candidate for state and national office will speak.

Cocktails will be served from 7 to 8 p.m., preceding dinner. All interested Democrats are invited. A charge of $1 per couple will be made.

Mrs. William Borowiak is in charge of the dinner. She will be assisted by Mr. and Mrs. Neil

Plans Complete; $1 Gifts Sought

With the completion of planning for the Youth Building to be constructed in the Lafayette Community Center, a call has been issuel for $1 membership subscriptions to be used for necessary expenses.

Theron Nelson, president of the Lafayette Community Center Inc., said that the purchase of the 12 acres on St. Mary's Road, southeast of town, is assured, and the outlook is good.

He said: "True, there isn't a building up, yet. But what did we have four years ago—a faint prospect and a bank balance of zero.

"Now there is cash in the bank of $17,246.48, and only $9,650 to pay on the land," he said.

The total value of the center and its funds is $49,000, thus far.

The $1 annual membership or $5 group membership will aid in purchase of postage and to pay for insurance, taxes and promotion.

½ Inch Rain Is Measured

Nearly a half inch of rain fell Wednesday night in Lafayette, marking the first precipitation of the early winter.

Phone Company Seeks Increase In Basic Rate

Pacific Telephone and Telegraph Company, in an amended application filed last Friday, asked the California Public Utilities Commission for permission to increase monthly rates for basic telephone service throughout the state.

The amended application was an amendment to the company's application for a rate increase, filed August 7, in which PT&T sought a 6.9 per cent rate of return. That figure remains unchanged. The original rate application did not ask for any changes in basic rates.

Phone company officials explained that the amendment seeks to offest higher wage costs. They stated that most telephone employees have been granted wage increases within the past five weeks and that comparable offers have been made in bargaining with unions representing most of the remaining employees.

MONTHLY INCREASES for residence customers would be:

1. Four-party, suburban and farmer lines—5 cents.
2. All two-party services — 10 cents.
3. One-party lines—35 cents.

Monthly increases for business customers would be: Individual and party line services—a flat 35 cents.

Overall effect of the amendment would be to increase company revenues by about $12 million, company officials estimated.

H. C. Greenhalgh, local manager for Pacific Telephone, commented:

"For example, a Lafayette, Walnut Creek or Concord-Pleasant Hill customer with a two-party flat rate line would pay $3.85 monthly instead of the present $3.75, not including tax. Similarly an Orinda-Moraga customer with a two-party flat rate line would pay $4 monthly instead of the present $3.90, not including tax." Greenhalgh added.

Bay Transit Widly Splits Counties, Cities, Officials

The already complicated fate of trains on the Bay Bridge took on several other surprising aspects this week as transit and civic leaders were widely split as to a series of possible solutions to the imminent transit crisis in the Bay Area.

In brief here is what happened:

1. **CLAIR W. MacLEOD**, top ranking transit offiical in the Bay Area, president of the Alameda-Contra Costa Transit District and president of the Bay Area Rapid Transit Commission, stated "it is too late to have the transbay train service."

2. The Alameda-Contra Costa Transit District renewed its plea to save the trains on the Bay Bridge in light of the Deleuw, Cathe Company report urging rubber tired trains for the span.

3. Continuation of the present train service is impossible because huge expenditures would be required to rebuilt street tracks and replace deteriorated equipment, said MacLeod.

4. **BAY AREA** Rapid Transit officials refused to act on a motion of the Alameda - Contra Costa Transit District to go on record as being opposed to the removal of trains from the Bay Bridge.

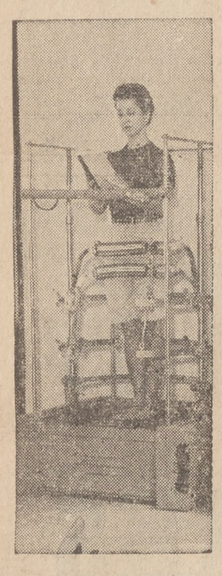

5. The Bay Area Transit Commission also refused to delay the removal of the tracks and trains from the bridge.

6. Hayward went on record in favor of removal of the trains while Albany and Berkeley went on record in favor of keeping the trains on the bridge.

7. **THE ALAMEDA**-Contra Costa Transit District prepared to file suit with the Public Utilities Commission against a request by Key System to cease train service on the bridge.

Happy Valley Points Up Familiar County Problem

At 11 a.m. next Tuesday, before the County Board of Supervisors in Martinez, there is scheduled to be another hearing in a controversy which has been going on for several years — the efforts to rezone a portion of Happy Valley in Lafayette and the opposition to those efforts.

Disagreement over zoning proposals is not unusual; in fact, it is a healthy thing. By intelligent discussion and by public hearings, such disagreements should be resolved.

But the facts are that such is not always the case. The Happy Valley situation points up a problem which is shared by a number of unincorporated areas.

The proponents of rezoning 147 acres of Happy Valley from Suburban (one-acre minimum lot-size) to Residential-Suburban (half-acre minimum lot-size) have, of course, a perfect right to seek the rezoning. And the oponents have a perfect right to object to the proposal.

But, we submit, the question should be settled, Supervisor Mel Nielsen points out that, in one form or another, this same dispute has been going on for the past nine years. It is absurd for the people of Happy Valley or any other area to fight the same zoning battle year after year.

"Hassles" like the Happy Valley controversy, involving similar delays, have occurred in Orinda, the Walnut Creek area, Alamo and Pleasant Hill. However, the Happy Valley dispute and its see-saw of the past several years are a glaring example of an undesirable state of affairs.

A large part of Happy Valley has been zoned Suburban for some time. The Ghiglione-Bruzzone families, owners of a considerable portion of this acreage, desire to change this, for reasons which seem valid to the applicants and to many others. However, still more people apparently object to the proposed rezoning; the Happy Valley Improvement Association has consistently opposed it, and last spring an official "vote" by Happy Valleyites was conducted by Supervisor Nielsen, with the balloting overwhelmingly opposed to the rezoning.

Time after time the County Planning Commission has recommended denial of the rezoning request; time after time the County Board of Supervisors has bounced the matter back to the Planning Commission.

In the latest phase of the dispute the applicants have based their request on the new R-20 category (20,000 square feet,) with changes in frontage width), and they propose approximate one-acre lots along both sides of Happy Valley Road.

Once again, after having had the application referred back to it by the Board of Supervisors, the Planning Commmission has recommended denial. Next Tuesday's supervisorial hearing will be on this recommendation.

The past and present County Boards of Supervisors have frequently overruled the recommendations of the County Planning Commission. The supervisors have a legal right to do so, of course, since the commission is an advisory body.

But the overruling of the Planning Commission by the supervisors occurs often enough to cause one to wonder what the supervisors' concept of the commission is. The picture, this time brought to the fore by the Happy Valley situation, is that of the Board of Supervisors — despite the Planning Commission and a planning staff serving the commission — often rejecting the commission's recommendations.

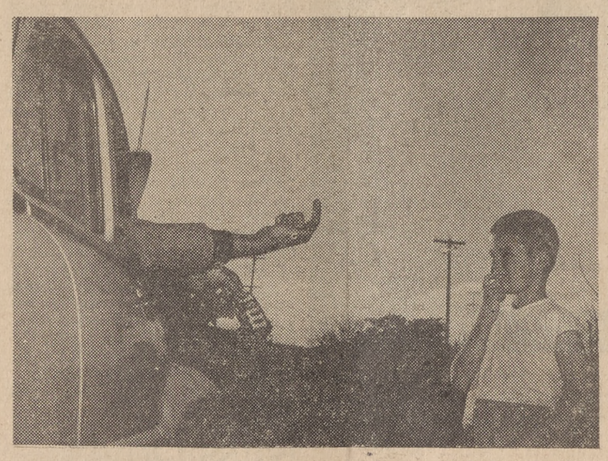

Supervisor Nielsen is in favor of accepting the commission's recommendation in the Happy Valley case. But how will the other supervisors vote?

It would be a welcome and long-needed change if the Board of Supervisors voted this time to approve the commission's recommendation.

The situation all too often for citizens of various parts of county is that year after year they must trek to Martinez, hire attorneys, organize caravans to public hearings. These activities require money and consume time and energy.

We respectfully suggest that the Board of Supervisors put a stop to its pattern of rejection of Planning Commission recommendations.

Beware of Strangers!

"HERE'S SOME CANDY if you get in the car, little boy," said the man. The boy eyes the candy and wonders if mother and dad were wrong when they said some strangers like to hurt people, especially little boys and girls. Should he take a chance, he wonders. "Yes" decisions have brought sorrow to many homes in the county. Keith Truxel of Pleasant Hill volunteered to pose for the photographer.—Sun Photo by Jim Guthrie.

Letters to The Editor

HILLTOP BILLBOARD

Dear Editor:

Lafayette is a lovely community. Pardon, it was. Now in the eyes of thousands who use the Tunnel Road daily, it is disgraced and disgraceful.

Those who do not have to commute from Central Contra Costa to Oakland do not see the huge billboard that atop a hill, dominates what otherwise is a lovely landscape.

Those who passed the sign after the freeway was opened raised eyebrows and cussed under their breath at Lafayette's tallest structure. They endured the sign because it carried patriotic messages— "Support the Boy Scouts" and "Drive Safely." Now it carries a commercial message . . .

But Lafayette . . . ought to bestir its stumps and clean up its backyard. Not to do so demonstrates a lack of civic pride in the community such as it evidenced at Orinda . . .

PLEA

Dear Editor:

There is an immediate need for good serviceable infants and small children's clothing, also yarn of any kind, old or new.

Needing help at present are four orphanages. Each orphanage has from 50 to 125 children. Many of these orphan children are receiving only one meal a day.

World Aid is inter-denominational in scope, serving orphanages regardless of the faith of the sponsoring groups. If the need is great, help is cheerfully rendered.

Shall We Reward Public Officers for Dishonesty?

By HERMAN SILVERMAN

"The Case of the Absent County Recorder" continues to make headlines.

Contra Costa County Recorder Ralph Cunningham for many years absented himself from his office for long periods and neglected his office. Meanwhile, pocketing of county funds was perpetrated in his office. With his knowledge, a salary kickback arrangement between his men was established.

Most of this was common knowledge in Martinez government circles but nobody did anything about it. Finally the 1956-57 County Grand Jury took matters into its own hands and accused Cunningham of two counts of malfeasance in office. Under this Bill of Accusation, Cunningham faced a non-criminal trial and the penalty, if guilty, would be removal from office—but no fine or imprisonment. (He was found guilty.)

Good Advic needed . . .

This is where mistake No. 1 was made. The County District Attorney is the advisor to the Grand Jury. The D.A. should have outlined all consequences to the Grand Jury and the jury should have indicted Cunningham on a regular criminal charge.

Why? Well, if for no other reason, Cunningham is going to be rewarded for his outstanding service with a plush $400 a month pension—for the rest of his life.

This is why so many people are riled over the case.

Mr. and Mrs. Mark Valory have started a one-family campaign. They hired an attorney to see if the pension payments could be stopped. The attorney stated, "It is my opinion that there would be an excellent chance to enjoin payment of the pension to him . . ."

Expensive legal battle

This would mean a court action and an expensive deal —probably $500 to $1000. The Valorys paid the initial legal fee but don't feel they can fight the battle alone. So far no one has offered to help.

There is another course of action. It certainly should not be necessary for private citizens to do the work of our elected public officials. District Attorney Francis Collins could take this matter into court, but he merely passes the buck.

"Proceedings to stop Cunningham's retirement pay would be undertaken by the D.A.'s office if the County Board of Supervisors should direct such action," according to Tom McBride, assistant district attorney.

And why not now?

The Board of Supervisors should so direct the district attorney. Aside from all other questions, it is the duty of the board to watch expenditures—and this pension is going to cost the county (you and me) thousands upon thousands of dollars in the years to come.

H. A. Altorfer, a consulting engineer, wrote me a note. "A little simple arithmetic shows that if we pay Cunningham $400 a month for the next 20 years, the cash payments alone will amount to $96,000."

Cunningham has paid $7,927.23 toward his pension. This should and would be repaid to him—with interest. Certainly he deserves no more.

HELP!! There' Ol' Man Algae in the Water Pipes

By Pat Pending

Someone passed the word along to me that EBMUD water has algae in it. I hope that he doesn't drown!

When I received this information, I wondered if the so-called algae wasn't really fluor secretly poured into EBMUD water by proponents of fluoridation who had rushed down to one of the many, fine super markets in this area — purchased bags of it with the intent of sabotage.

Then, I asked myself:

"What is fluor?"

It might be some kind of animal — for don't we have fluor hide? And we also have fluor scent — which would have to be left by a fluer!

Then I remembered!

Once I was fluor salesman.

And there's a fluor company that is now sponsoring a homemakers contest which is commendable. They're trying to keep the G. I. Home Loans alive. This is almost an impossible task because the banks and the insurance companies want more interest than the government is willing to guarantee.

I finally figured out what actually is cluttering up the East Bay Mud water.

It is a myriad of deer tracks!

There's the tracks of bucks.

There's the tracks of does.

And, there is something fawny about the whole thing:

There's no tracks from the Elks of Walnut Creek!

The actual culprits are yellow jeeps equipped with two-way radios that patrol the high mountain roads in what is, allegedly, a municipal water district owned by (I suppose) the citizens of this county.

These yellow jeeps patrol specifically to keep local nimrods from entering the INNER SANCTUM of one of the finest deer hunting areas of this county.

I finally came up with the obvious question:

Are these yellow jeeps protecting this game preserve for certain Big Shots of EBMUD so that they can kill deer at their leisure?

If these yellow jeeps are financed by the taxpayers of Contra Costa County, I'd like to know why deer hunters cannot hunt in these sacred precincts that they helped to finance.

Furthermore: I'd like to know who set this deal up and why.

St. Mary's Alumni Post Given DeFaria

Appointment of Walter J. DeFaria, 31, formerly of Sacramento but more recently of Hollywood, as St. Mary's College Alumni executive director and assistant to the vice-president in charge of development was announced at St. Mary's College this week by Brother S. Albert, F.S.C., president of the college.

DeFaria, who succeeds Dennis Garrehy, reported to the campus to assume his new duties on Monday. He will serve under Brother Xavier, F.S.C., vice-president in charge of development.

Safety Certificates

In recognition of a year's operation without an industrial injury, J. Lee Center, Orinda building contractor, has received a safety award certificate from the Industrial Indemnity Company, the firm's insurance carrier.

Presentation was made by Irv Magill of John T. Schroder, Inc., Walnut Creek, representing the insurance company. He pointed out that a perfect safety record is an unusual achievement today.

"This award reflects credit on the safety program sponsored by J. Lee Center and the cooperation of all employees. We hear a lot about accidents—but it's the accident that doesn't happen that benefits the employer, the workers and the community," Magill said.

School District Boundary Shifts Are Not Imminent

Attendance boundaries for determining admission to one of the three Acalanes High School District schools have not been changed yet, High School Superintendent Neil M. Parsons reported this week in reply to queries on possible boundary shifts.

Parsons stated that while the district is "planning for a fourth high school in Tice Valley, new attendance boundary changes have not been set, and probably won't be for some time."

"Trustees have not reviewed the problem yet and probably won't until after next Fall when they know the exact disposition of student population the district and the general Tice Valley area," Parsons explained.

School officials pointed out that continuous student population growth and placement studies are being made to facilitate the board's job of setting attendance boundaries when the time comes for a decision.

Full Season for Youth Concerts to Begin Soon

The Board of Directors of the Central Contra Costa Youth Concerts has announced that the concert series will begin with the San Francisco Symphony on January 26.

This famous group of musicians will perform with its full staff of members, under the direction of Earl Benard Murry, youth conductor.

Murray will give a lively and descriptive commentary to make the symphony more interesting for the youngster. The symphony chooses its music for children, to demonstrate tempo, dynamics, variation in scope of instruments as well as musical repertoire.

On February 23, William Clauson, folk singer and balladier will present a concert of true folk music. He is currently starring in "Wild Grows the Heather," the musical version of James Barry's "The Little Minister."

Carl Sandburg has said "William Clauson is a viking of song, to me, irresistble."

The world famous San Francisco Ballet will be the last concert of the series, on March 23. The complete ballet troup will give a demonstration performance, illustrating the basic ballet steps and forms.

All of the concerts will be held at Los Lomas High School on Sunday afternoons at 2:30.

Each performance will be limited to one hour in length, so that the young children can enjoy the concerts as much at their older brothers and sisters and parents.

Tickets will be on sale from January 6 through January 25, at $3.50 a series ticket, either adult or child.

Pre-Christmas gift orders can be obtained by mailing a check to Youth Concerts, P.O. Box 83, Walnut Creek.

Just A Morning Stroll . . .

By DICK OSBORN

This is a column for mothers, and though there seems to be little danger that I will ever become one, I can sympathize with their plight sometimes.

The column really belongs to a little friend of mine named Billy, who turned not quite three when this happened, and maybe his story (as told charmingly by his mother over cocktails) will be of interest to his contemporaries.

I'm sure it will be of interest to his contemporaries, as a mater of fact, after their mothers get through drilling it into them.

Of course it happened early in the morning when things were, naturally, at their most hectic and mother was, perhaps, just a little fuzzy.

IT SHOULD BE mentioned that Billy is surrounded by Mike, who is surrounded by Mike, who is just starting school, and Peter, who is just getting active. — and mother, who is getting busier and busier, and father, who works in Oakland.

On this particular morning, Peter was getting his share of the attention by being fed, a process which takes a good deal of mother's attention.

Billy had left the kitchen, presumably to go upstairs and play. Mike was just around.

After about half an hour, mother noticed that things were pretty quiet upstairs, and, as is usual with children this age, that aroused mother's curiosity.

She investigated.

NO BILLY. She asked Mike where Billy was. "I think he went outside," was the reply.

Mother called outside. No Billy. Some concern, because it was early, and the other children had not yet congregated.

Real concern and phone calls to the neighbors. Nobody had seen Billy, except one young lady who had "seen a small blond boy walk by," but wasn't sure which one it was.

But in about five minutes came a return call (from the same lady) that the "police" were bringing Billy home.

And where had he been?

Very simple. He had been "mad", evidently, about something, and had started to Dad's office to tell him about it. With the very active mind of a bright two-year-old, he had no idea how far Dad's office was, but by golly, he knew the direction, and he had confidence.

He was rescued while walking down the middle of one of our very busy highways, saying "The trucks won't hit me", which he continued to repeat.

THE LADY who rescued him was out working in her garden, and thought it odd that a youngster of his age would be walking alone down the street. She called the Sheriff's office, and a deputy rescued Billy, returning him safely in short order.

Of course, Billy was fascinated by the ride in the Sheriff's car, complete with shotgun and radio, and it made a big impression on him.

He was somewhat less impressed by being confined to quarters for the rest of the day although as mother says, "It was harder on the rest of the children than it was on him."

End of Billy's story. But we're willing to bet this happens time and time again throughout our area, children being what they are, and mothers being as busy as they are.

Isn't it a good thing that we have nice neighbors, interested people, and concerned Sheriff's deputies who will help out?

Because otherwise, what in the world would we do?

On The Lighter Side

by INA BLIESNER
YE 4-3818

Well, Thanksgiving has come and gone and now those frightening Christmas bells are ringing in my ears. Our holiday was spent in Fresno where we visited with my mother—who's birthday happened to be on "turkey" day.

We spent Saturday with Dick's parents who have a small ranch near Fresno. It's a typical grandparent's place of delight—complete with pies always in the oven, cookie jars full, dogs, cats, and, the very best of all, shetland ponies. For 17 young grandchildren—this is heaven!

Mrs. Lucille Brady and her lovely daughters, Edith and Barbara, were guests of relatives, the George Neugebauers, in Oakland. Also spending the holiday in Oakland was Dora Cochrane—who feasted at her mother's home along with her aunt and uncle, Mr. and Mrs. Homer Lewis of San Leandro and their son, Bob.

Another group going like mad!

Also helping with "Mr. Tom's" disappearance were Dave Bess, up from Stanford, and Walt Grens from Concord. Saturday, November 23, was the night for the first big dance undertaken by the St. Perpetuate Guild of Lafayette. This group was organized last February to assist its Church.

Reports are that if this is any indication of what these ladies can do, their organization should be a tremendous success. The dance was chairmaned by Norma Repetto and Evelyn DeGrazia, assisted by Eileen Jones, Maryanne Zivic and Connie Kieny. The theme was "Holiday Kick-Off" which was most appropriate with all of the Big Game conversation going on.

One of the largest pre-dance gatherings was held at the home of Gloria and Dick Coleman. Dick is president of the St. Perpetua's Men's Club; Gloria is vice-president of the Guild.

PRETTY GLORIA WAS EVEN prettier in her soft green dress with low cut back, nipped in waist and full skirt; all setting off her lovely red hair. Of course, Helen Wasserlein and husband, Bob, were there. Helen is president of the Guild and couldn't miss this one. Mr. and Mrs. Tom Stack were among the late arrivals.

Mrs. Stack was charming in a chic black dress and OH! that beautiful silvery page boy. If sore feet mean anything about the success of a dance, this one (it is reported) can be chalked up as one of the season's best. Evelyn Wolverton has returned from a two week's visit in New York and vicinity where she stayed with family and friends.

Her husband, Jack, a local real estate broker, flew East to visit his family in Maryland and then joined his wife in Westchester where several parties were given in their honor by former neighbors.

New home, nice people, nice party

What a wonderful time the members of the Staff of the Mt. Diablo Therapy Center had the other night! They all gathered at the home of Bob and Nan Rich near Pacheco. The Rich's new home is just lovely—beautifully planned. The attractively decorated buffet table was made even more attractive when supper time rolled around by a huge caldron filled with piping hot veal scallopini.

Of course, various salads, rice, etcetera. The group had lots of fun dancing—and NO business talk! Looking especially vibrant was Irene MacDonald (who has THE creamiest complexion—plus shiny black hair) who wore a sleek holiday-red sheath belted with leopard skin.

ON THE SAME NIGHT the Concord Soroptimist Club held its Wine Tasting party — which, it seems, was delightful. The large arrangements of grapes and leaves must have been lovely. Only candlelight was used and the softest of music was played in the background — all adding up to such a nice, leisurely hour or two.

A group of friends, all living in the same area, are planning a festive "get-together" at the Alameda Officers' Club. Camille and Robert Simpson (who are celebrating Bob's promotion to Major in the National Guard) are more or less in charge of planning the affair. Gathering at the Club will be the Ted Merrills, Wayne Barretts, Robert Millers, Stanley Ekstrome, Fred Cochrane, John Gugelgigs, Jim Custards, Ralph Sandvigens, Bill Coffeys, Robert Summers and Norman Hantkee. On the program — food, fun and dancing!

CELEBRATING THEIR Golden Anniversary last Saturday at the home of their son were Mr. and Mrs. Calvin Newcomer. Friends and relatives gathered on Price Lane to wish the Newcomers continued success.

And some news from Orinda

Jane and Irv Holmgren, who are occupying the Stanford Holmgren's home in Orinda for a year — are having great fun meeting new people and enjoying all of the wonderful features of the Bay Area. Jane has even taken driving lessons — and is now independently "getting around" and joining in the festivities. They are being entertained by so many of Stan and Van's friends here.

More Thanksgiving vacation news: Jean and Dick DuVal and their youngsters, Debbie and Greg, drove south to visit Dick's family in Corona. To the children's delight, their grandparents surprised them with a pony. On top of that, their Uncle Lorry had a motorcycle which he uses for roaming the ranch — and, as one can imagine, Jean and Dick saw very little of the children during their stay there.

Even to collecting rocks . . .

Dick, who is a chemist, had a "ball" collecting different types of rocks and minerals which he brought home to run through lab tests. The DuVals enjoyed going through the Capastrano Mission — the first they had seen since moving to California.

Nada Miller spent the holidays with her sister, Mrs. Keith McCartney, in Sacramento. She had a wonderful time except for one big disappointment. For the second time, after having arranged for some skiing — NO SNOW!

The Pandora gals can chalk up another big success. Their holiday dinner dance at the Claremont was a lovely affair. Members and their guests dined and danced in the "Horizon Room" where a trio played.

THEY ALSO HAD access to the "Garden Court" where Ray Hackett and his orchestra were playing. Tables were decorated with pine boughs and red berries and the only lighting was provided by hundreds of red candles. Chariman, Mrs. M. R. Jeppson, carried out the theme with a brilliantly printed and sequined red gown. Mrs. John Sullivan, also was in accord wearing a bright, holly-green sheath.

Others enjoying the evening of Christmas gaety were: the Edward Walshes, E. J. Penprases, Alec Paulsens, Norman Besses, Robert Goodales, George Hauers, Jay Meyers, Jack Coopers, Robert Powells, and Dr. and Mrs. Leonard Roth.

Fabulous Forest Created At Claremont by Branches

Latest entry in the fabulous forest of some 175 small exquisitely decorted Christmas trees, expected to draw 10,000 visitors to the Hotel Claremont in Berkeley for the Festival of Christmas Trees this week, is Mrs. Lloyd Hecathorn's red Scotch plaid gingham "Hoot Mon" tree, which this member of Lombardy Branch, Children's Hospital of the East Bay has trimmed with gold safety pins.

Mrs. William Tildsley of Donna Maria Way has trimmed her Maple Branch entry with real candy canes and calls it "Candy Go Round."

Miss Julie Allen of Hickory Branch has fashioned a Christmas tree for Mother, using cosmetics for ornaments, and another one for Father, using pipes and fishing flies and hooks as ornaments.

Handmade angels from Austria adorn the Mayten Branch entry, the joint creation of Mrs. Edward Patterson and Mr. Louis Rolley. Mrs. Richard Cox, Birch Branch, and Mrs. James L. Duffy, Cedar Jr., are also among the many tree donors participating in the spectacular show, which opened with a gala preview party and continues daily through Sunday from 10 a.m. to 10 p.m.

Another entry is Mrs. Eugene C. Lee's three-foot tall silver, gold, pink and red creation, which she has decorated with Japanese folded paper birds.

Mrs. Lee's tree is the entry of Heather Branch, Children's Hospital of the East Bay.

Trees have also been designed for the spectacular show by Mrs. W. W. Wiggins of Crescent Drive, Poplar Branch member, whose entry is the Concours Tree; Miss Jane Pendleton of Daphne Branch, who has decorated her tree's white branches with hanging Santa Claus ornaments.

Still another is Mrs. Robert M. Graves' fanciful bamboo birdcage full of turquoise, magenta, emerald green and silver birds fashioned from walnuts and construction paper. The walnut birds, of course, are the special signature of Walnut Branch, Children's Hospital of the East Bay, of which Mrs. Graves is a member.

Mrs. Lee A. Umphred, Hilltop member, has used sea shells to decorate her pastell one-foot tall entry; while Miss Pat McSorley, Las Lomas High School member of Genista, designed a gold Christmas mobile for her Branch entry, as well as the more traditional tree, though this last is fashioned of dried gold-sprayed artichokes and limes on a barbecue skewer!

Mrs. William Harold Oliver, general chairman of the Branches of the Children's Hospital of the East Bay, which is staging the show for the seventh year as a benefit for the hospital, announces that the impressive sponsors' list includes the names of over 100 friends of the hospital.

SIGN OF THE APPROACHING Yuletide season — up goes one of the prefabricated walls of the Mt. Diablo Therapy Center "Gift Box" in Walnut Creek's Broadway Shopping Center. Construction work was donated by employees of the Osmundsen Company. Shown: left to right — Dwight Huff, John Osmundsen and Ted Strief.

A lovely hand-made afghan donated by Mrs. Frank Tebbs of Orinda will be given away.

All guests were asked to bring "original" works of art which were displayed on the walls of the living and family rooms of the Skinner home while the ladies enjoyed their refreshments.

Among the many types of artistic pieces shown were oils, poster paints, water colors, ceramics, mosaics and abstracts in copper. Mrs. John Clark of Lafayette brought the pleasant afternoon to a close by giving a delightful demonstration on making novel Christmas gifts and decorations.

Discussion Held On School Construction

A panel discussion on school construction and community planing was held at the annual meeting of more than 100 school trustees last week at the Junior College. County Superintendent B. O. Wilson called the meeting.

As moderator, Superintendent James W. Dent of Mt. Diablo Unified cited the problems encountered in preparing a site in his district, which necessitated development of a water supply and extension of a city sewer line.

Flood control, zoning and utilities enter into school planning, in addition to which, he said, the district must wrestle with state formulas, population projections and cost considerations.

Dent commented that "as long as we have the present state formula on loading (ratio of pupils to building), we will have double session."

Victor W. Sauer, county public works director, said that studies of traffic ways of the future, based on an ultimate population of 1,400,000 are available to school districts planning sites.

Deputy District Attorney Charles L. Hemmings said it is possible for a school district to request the planning commission to reserve an area for a school site. Of the 25 items listed by the state as standards for school sites, cost is the last on the list.

Fequently, the district faces a dilemma in choosing between a level site and another with advantages that may recommend it.

Alfred H. Glantz, in charge of school planning for the San Mateo County Superintendent of schools, said the office recommends that school districts purchase sites well in advance of need and buy "as are" hilly locations that may be level after residential developers have moved earth by cut and fill.

Blue Chip Store Getting Xmas Shoppers

Area residents who save Blue Chip stamps have been doing some of their Christmas shopping early at the Blue Chip Stamp Gift Center, 1245 Boulevard Way, Walnut Creek. And, according to Mrs. Donald Jones, 1637 Mary Drive, Pleasant Hill, manager, the volume of this gift shopping is expected to increase substantially during the peak holiday season, now to December 25.

White toys are currently popular items with the Blue Chip customers who shop at the Walnut Creek store, steam irons, roaster ovens, luggage, ironing boards and grill and waffle bakers remain consistent favorities.

However, customers have a wide selection of merchandise to choose from including many items on display at Walnut Creek that are additional to the hundreds featured in the Blue Chip catalog.

Per-Pupil Costs Low At Acalanes

The Acalanes High School District per pupil expenditure is the second from the lowest spent by a high school district in Contra Costa, according to a 1956-57 survey.

Acalanes trustees reported that the Acalanes District has generally had lower comparative county per pupil expenditures for the past five years.

According to trustees, commenting on previous similar surveys by the county education office, the Acalanes District was second lowest among county high school districts for 1956-57, 1955-56 and 1953-54, and had the lowest high school district per pupil expenditure for 1954-55 and 1952-53.

In noting the county report on educational expenditures per pupil, Acalanes trustee chairman Will C. Hall emphasized, "While last year's and earlier surveys indicate that the Acalanes High School District has been comparatively economic in its expenditures per pupil, trustees have followed and will follow the basic concept that the district must first and foremost provide a sound educational program."

That rcly-poly gentleman with the red suit and the hearty laugh is visiting the Tunnel Motors Company at 1839 Mt. Diablo Boulevard, Walnut Creek.

He has been passing out lollipops and tokens to boys and girls who stop in with their mothers and dads — and the in-and-out traffic of "future motorists" has increased considerably.

Frank Marcellini, Tunnel Motors owner, said that Santa has kindly consented to remain in the showroom every afternoon on weekdays, and all day, Saturdays and Sundays.

"We may even talk Santa into trading in his reindeer for a new Lincoln or Mercury, "Marcellini said, laughing.

"At any rate, we hope that folks, whether they are interested in our cars or not, will drop in with their kids, and enjoy Santa. That's why he's here," he added.

King Basketball Rules

Ol' Man Football Bows Out Here To Hoop Circuit

King basketball really unseated old man football last Tuesday when the season for all clubs opened with practice tilts on a tap throughout the area.

Coaches at this stage of the game are still feeling their way and doing a lot of experimenting as they test new material and concentrate on developing the new and the old.

Lineups are tenative since league play doesn't get underway until January 10 and once it does it will be two a week with no byes as Miramonte enters the circuit as a full fledged varsity member for the first time.

Games on top tonight are
Miramonte at Tamalpais
Armijo at Pleasant Hill
Acalanes at Cal
TUESDAY
Pleasant Hill at Hayward
Acalanes at Harry Elis
Amador at Las Lomas

Dons Get Scalped By Vallejo Braves In 46-31 Mashing

The Acalanes Dons hooked up with the Vallejo Apaches in a pair of games on the Acalanes hardwoods Tuesday afternoon and when it was all over the Don varsity was dumped 46-31 while the Acalanes Bees emerged with a 42-24 win.

It was Vallejo's second outing while the Don five was making its debut of the season.

IN THE VARSITY go, Vallejo wasted little time in going out front thanks to some good outside shooting plus more than a normal share of inside shots. It was Vallejo 14-6 at the quarter and again at the half when they left the floor with a 26-17 lead.

In the third period of play Vallejo found the range to the tune of 14 points while Acalanes had but four in the form of a lonesome pair of field goals.

ACALANES TIGHTENED their defensive play in the fourth stanza holding the opposition to six points while collecting ten of their own.

Forward Paul Colin started what appeared to be a Don rally when he hit in three consecutive shots from 15 feet out but it fell short as his teammates collected only three points in the final quarter and it was to little to overcome the visitor's lead.

Game scoring honors went to Colin who showed 12 points on winners was forward Wilson Williams who nabbed eight points on two field goals and four points from the free throw line.

In the Bee game Acalanes showed surprising strength as they banged to a 23-16 halftime lead and rolled on to a 42-24 win. Tom Strain bagged 12 points to take scoring honors (4 fg-4 ft).

Miramonte Jamboree Set; New Net League Preview

Miramonté High School has taken the spotlight with a basketball tournament which they will hold December 13 and 14 with five schools involved.

All the schools will be members of a new league which will be formed next year and could well be a preview of things to come.

The clubs are Acalanes, Miramonte, Las Lomas and Piedmont. John Swett of Crockett will be the fifth team to take part in the play.

The event is patterned after the Acker Tournament held annually in the Chico area.

In the two night's play each team will play every other team and each team plays two teams each night. Games are abbreviated, consisting of five minute quarters, making 20 minutes per game. The winner of the tournament is decided by the highest net score.

THE NET SCORE is arrived at by subtracting the points scored against a team from the total points the team scored.

There can thus be a plus or minus total. The highest plus total rates first place—the next second and so on.

In case of a final tie, a sudden death play off results.

TROPHIES WILL be awarded to first and second place teams. An all tourney team will be selected and five small individual awards given.

Another trophy goes to the best rooting section based on spirit, organization and sportsmanship.

The chairmen for the event are Jim Carmichael, general chairman; Don Phillips, welcoming chairman; Bill Teutschell, publicity, chairman; Bob Callan, tourney manager.

The tournament schedule is:
FRIDAY, DECEMBER 13
Las Lomas vs. Miramonte
Acalanes vs. Piedmont
John Swett vs. Las Lomas
Miramonte vs. Acalanes
John Swett vs. Piedmont
SATURDAY, DECEMBER 14
Las Lomas vs. Acalanes
Miramonte vs. Piedmont
John Swett vs. Acalanes
Las Lomas vs. Piedmont
John Swett vs. Miramonte

Play starts at 7 each night with games scheduled 40 minutes apart. Presentation of awards will follow immediately after the last game (approximately 10:10) Saturday night.

Viks Beat Grads, Lose to Marin Basketball Team

Sparked by John Fields' 12 points, the East Contra Costa Junior College Vikings won their opening game of the 1957-58 basketball season last Friday by defeating the Alumni of East Contra Costa JC 65-48. But they lost out to the College of Marin Mariners, 73-60 on the following night.

In the opener the Vikings held a 15 point lead throughout the game and had an easy win over the experienced but unorganized Alumni.

During the third quarter, letterman guard Jerry Walsh sprained his ankle. Coach Gay Bryan said he will be back in action for the Reedley Invitational December 6 and 7.

Rally Rounsville, with 24 points, was the high point man against the College of Marin. But his and other Viking scores were not enough to defeat the fleet footed Mariners who gained an early lead and held it through the contest.

Intramural Soccer Opens in District

Falconers Urged To Get Permits

The Department of Fish and Game reminded falconers today that they must first obtain a license to engage in the practice of falconry. Applications for licenses may be obtained at regional offices in Los Angeles, Fresno, San Francisco, Sacramento and Redding. License fee is $15.

Falconers must also obtain a hunting license before loosing their falcons at game birds or game mammals as provided by Fish and Game Commission regulations and during the open seasons. Pheasant tags are also required for pheasant hunting with falcons.

Falcons may not be used on migratory game birds or protected non-game birds. No license may be issued to anybody under 16.

COACH MERRILL Calow of Las Lomas High School points out some of the finer points of the game to returning lettermen Pete Ostrom and Art Dalby as the Knights sharpen up for practice tilts on the hardwoods. The main cry to fame for the knights seems to be returning lettermen.—Sun Photo by Mattson.

The Athens Club pool will be transformed into a toy shop and there will be much activity both in and out of the water. Old "St. "Nick" himself will be present and will toss candy to lucky boys and girls as he glides around the pool on his floating sleigh.

Miramonte Duped By De Anza Quint

The Miramonte Matadors opened the 1957-58 hoop season November 27 when they played host to De Anza high of Richmond.

The visitors had too much height for the local quint and went down 39-30.

BIG GUN in the Richmond attack was center Ed Greene who bagged 12 points on four field goals and four charity tosses.

The game scoring honors went to Miramonte forward Bob Hudson who collected a cool 13 points on five field goals and three free throws.

It was De Anza all the way as they took a 6-5 first quarter lead to a 16-12 half time margin.

The issue was really decided in the third period of play when De Anza rattled the boards for 15 points while Miramonte collected six.

THE HOME CLUB put on a fourth quarter sprint when they closed the gap by outscoring the visitors 12-6 with Hudson getting six points on his own. It was too little too late however and it all wound up with DeAnza copping the nod 39-30.

In the Bee game the Miramonte Bees were at a disadvantage as DeAnza had a Jayvee team which meant no limit on age, height and weight.

It showed on the scoreboard when Miramonte went down 35-10.

Mrs. Kinney Gets 'Best Nine' Play

Class B—Mrs. J. C. Polliard, 47-10½-36½; Mrs. J. N. Walker, 53-16½-36½; Mrs. Terry Haws, 49-11½-37½.

Parkmead Plans Bowl

The annual Turkey Bowl football contest between the Walnut Creek and Parkmead elementary schools took place November 27 at the Parkmead school.

For the first time in six years the Parkmead club established a commanding lead which won the game, 14 to 6.

The two teams, coached by George Watts of Walnut Creek School, and John Dalton, Parkmead School, played with spirit and competence. The evidence of good sportsmanship was appreciated by a large crowd.

The Parkmead boys scored on the first down of the game and led throughout the game. Mike Breuleux and Greg Bertagnolli played an outstanding game for Parkmead.

Walnut Creek's tally came in the last quarter. Getting off to a slow start was the deciding factor as time ran out with the eager eight trailing. The outstanding player for Walnut Creek was Ken Shortridge.

Horsemen Pick New Officers

Harry Tomlin, prominent county horseman and Concord resident, was elected president of the Contra Costa Horseman's Association.

Jack Leahigh was elected vice president. New secretary is Bonner Dana and treasurer is Kit Shoenberger.

Knights Grab 1st Net Win Dropping Highlanders

The Las Lomas Knights racked up a 34-25 win over the hosting Piedmont Highlanders Tuesday afternoon to make their 1957-58 basketball debut a successful one but the Bees didn't fare as well, going down 29-25.

The Bees did get consolation in that their ace guard Dennis Lawrence was tops in the scoring department with 16 points and the Highlanders played a JV club rather than a regulation Bee team.

IN THE VARSITY game neither club was hot at the hoop as the Knights hit for a meager 27 per cent while Piedmont accounted for 15 per cent from the floor.

It was a low scoring first quarter as Las Lomas took a 7-5 first quarter lead. It was the Knights 15-10 at the half and 24-18 at the end of the third quarter.

The final statictics gave Las Lomas 14 field goals and eight free throws while Piedmont hit for eight field goals and nine free throws.

Standouts for the winners were center rt Dalby, forward Tom Nichols and forward Clark Ransome.

Dalby, in addition to leading the scoring with 16 points (7 fg-2 ft), came up with an outstanding defensive game along with collecting 16 rebounds.

RANSOME WAS runnerup in the score column with seven points (3 ff- 1 ft) while Nichols played a good defensive game.

Coach Merrill Callow's club showed good defensive strength and with sharper shooting which will come with practice—could well give anyone trouble.

All around height and good team balance showed to advantage in the opener.

Dear Better Dressers:

The most valuable thing in the world is time. Now this is not the most profound thing you've heard today, but it leads into the fact that I sell the prettiest watch bands since the invention of girls.

They are in the Scotch plaid motif, (so naturally you save time.) Not guaranteed to remove ticks, but will lessen the pain in the What To Get The Old Man dept. Get one. Get two. They are only a buck and a quarter.

This is strictly a men's shop, but somehow a canary named Lillie Dache got into the act and came up with some scintallating sport shirts. The colors will match his eyes, even if they look like a road map.

DO IT YOURSELF KIT

To help you get Pop's eyeballs to match anything in the store. get our beautiful matched pair jugs. These are marked plainly, "Bourbon" and "Scotch."

And they are empty.

On top is a gadget to control the flow of goof which you have put in. To gain on the situation, all you have to do, is pour twice. They are done in gold and white. A must for Christmas and all year, for that matter.

If you have a sport in the house who is bashful, get a fist full of our Long Sleeve Sport Shirts, by Merril Sharpe. Ltd. This New York outfit is tops. We will place a monogram on them for a nominal fee. (Like money.)

The shirts come in any pattern you want. The buttons are included in the price, which will stagger you. (Leave the price tag on. This will prove your undying love, and take his mind off other bills.)

In short, we are long in everything you need for a Merry Christmas. You will make us all happy by buying here, as I am counting on a small margin of profit to see ME through the holidays too.

Happy Same, Mort

Two WC People On TB Board

Two Walnut Creek residents were named to the board of directors of the Contra Costa Tuberculosis and Health Association at a meeting of the Executive Committee held last week, it was announced today by Kenneth McPhee, President. They are Harold R. Weatherbe, 920 Jeffery Lane, and Mrs. Ernest J. Terry, 1689 Springbrook Road.

Weatherbe, who is Coordinator of Health, Physical Education and Recreation for the county public schools, has served as the tuberculosis association's delegate to the Northern California Radio - Televison Council for Tuberculosis Education for the past two years. He replaces Don Nesbit, who resigned from the board of directors because of a job transfer.

Mrs. Terry, who has helped the association with preparations for the annual Christmas Seal Sale for several years past and has done some of the Christmas Seal publicity and promotion work, will replace Mrs. L. P. Corbett, who resigned to attend school to work toward a graduate degree.

Both of these new board members are familiar with the work and the purpose of the Contra Costa Tuberculosis and Health Association, McPhee said, and should be of great help to the organization.

The Russell Patterson home, at 128 Camino Sobrante, Orinda, will be the setting Thursday evening December 12 for the annual Christmas party of the Orinda Nursery School Association.

'Sleeping Beauty' Performance Set

All Contra Costa County children who could not attend the play when it was given in Lafayette are invited to attend.

Nuclear power now helps serve Northern California

P. G. and E. customers first with privately-financed atomic electricity

CUSTOMERS OF P. G. AND E. are the world's first users of atomic electricity produced commercially in a privately-financed plant—the new Vallecitos Atomic Power Plant near Pleasanton.

This history-making achievement in the peaceful use of atomic energy is a joint developmental project of the General Electric Company and P. G. and E. The plant's output of *A*-electricity flows into P. G. and E.'s transmission network which serves Northern and Central California. It is helping to light your home and run your appliances right now.

Atomic electricity no different

A-electricity is just the same as other electricity. The only difference is that nuclear fuel is used instead of the usual fossil fuels (oil, gas and coal) to make the steam which turns the generators.

A-electricity now costs more in the United States than power made in conventional plants. It will not become a basic power supply here until it costs no more than electricity made with fossil fuels or falling water.

The future of commercial nuclear power

G-E and P. G. and E. joined forces at Vallecitos to gain experience and know-how from building an atomic plant and operating it for everyday commercial service. The lessons being learned and the experiments being conducted at Vallecitos are hastening the day when *A*-plants will become economical. We will be ready with low-cost *A*-electricity long before the inevitable depletion of the fossil fuel supply.

Thus, P. G. and E. customers may continue to be assured of power ahead of their needs as well as the best possible service at the lowest possible cost.

... IN SCHOOLS AND INDUSTRY!

As a test, the fifth grade of the Russell School, Cambridge, Mass., was divided into two equally intelligent groups. One group studied for one year in an inadequately lighted classroom, the other in a well-lighted room.

At the end of the year the pupils in the well-lighted classroom were 10% ahead in general learning and 28% ahead in reading ability. This is the kind of faster, better education we need to maintain world leadership.

American industry proved, particularly during World War II in aircraft plants with solid banks of lights overhead, that better lighting means faster production at lower cost.

Case histories in factories today show production of machine tool parts up 15% with better lighting, piston ring production up 25%, night shift output equalling day shift in a cannery, machine shop rejects cut from 17% to 9%, cartridge rejects cut 90%, accident payments cut from $59,500 to $23,800 per year in a factory with a new lighting system.

For faster, better work in schools and factories, call an electrical contractor using qualified electricians—MORE POWER MEANS MORE EFFICIENCY!

County's Part In Mental Program Told

The County Health Department's participation in developing a community mental health program was the subject of a paper presented by Dr. Warren A. Ketterer, assistant health officer, at the recent annual meeting of the American Public Health Association in Cleveland, Ohio.

Dr. Ketterer gave details on the operation of the County program based on the use of psychiatrists by nine different County agencies.

He explained that in the Health Department psychiatrists and a mental health nursing consultant help the field public health nurse follow selected cases of mentally disturbed patients referred to the Health Department from the Psychiatric Unit of the County Hospital.

"This is a new approach to extending mental health services to a larger part of our community. Though 250 cases have been subject to psychiatic consultation during the past two years, this touches only a small proportion of the total mental health problems," according to Dr. Ketterer.

White in Cleveland, Dr. Ketterer participated in the Physicians News Service panel discussion on "Current Health Problems and the Role of the Private Physician in Preventive Medicine."

Festive Stores, Bright Counters Attract Many

Festive times were apparent in local stores this week as bright and colorful shoppers streamed through them in search of those early Christmas gifts.

And they are wise shoppers too, because it is not yet too crowded to prohibit a bit of pleasureful browsing among the laden counters and delightful displays.

BESIDES, IT has turned out to be lots of fun, especialy as a family affair. Excited youngsters can be found dashing through the brightly lighted stores and among the stacked displays.

They can be seen standing with open mouths and wide eyes before toy counters, and waiting patiently for a chance to climb on Santa's knee and disclose cherished secrets and desires.

Beautiful windows and displays beckon shoppers and suggest just the gift for that hard-to-please distant aunt, or the friend who "has everything."

AND OF COURSE, everything one could want is to be found in the local stores, many of which are staying open evenings as a convenience until Christmas.

Local chambers of commerce are urging shoppers to "shop early, and take advantage of the bargains," and from the appearance of the happy throngs, many shoppers are taking that advice to heart.

Give Facts On Cancer

Facts about specific kinds of cancer are explained in a series of six pamphlets which are available without charge from the Contra Costa County Branch of the American Cancer Society, it was announced today.

The pamphlets may be obtained individually or a s a complete set, according to Dr. A. R. Reinke,

They cover the following cancer sites: 1. Cancer of the skin; 2. Cancer of the digestive tract; 3. Cancer of the mouth and respiratory tract; 4 Cancer of the breast; 5. Cancer of the female generative organs; 6. Cancer of the genito-urinary tract.

Although written in layman's language that is easy to understand, the pamphlets are scientific in content, Dr. Reinke said. They were prepared by the American Cancer Society in cooperation with the National Cancer Institute of the U. S. Public Health Service.

Four speakers contributed varying experiences to a panel discussion of "School Problems Involved in Community Planning" at the annual meeting of school board members last week at East Contra Costa Junior College near Concord.

Panelists were Alfred H. Glantz, coordinator of business advisory services and in charge of school planning in the San Mateo County superintendent's office; Victor W. Sauer, Contra Costa County public works director; and Charles L. Hennings, deputy district attorney in charge of school matters.

Moderator was Superintendent James W. Dent, Mt. Diablo Unified District, which is one of the most rapidly growing districts in California, engaged in a multi-million dollar building program.

Funds Given For Vocation Programs

Ten Contra Costa County School districts and the County Superintendent's office have been apportioned a total of $47, 996 in state and federal funds to assist their vocational education programs, Charles Ferrell, county consultant in industrial arts and vocational education, announced today.

More than half of the amount, or $26,318, goes to Contra Costa Junior College, apportioned on the basis of approved vocational classes operated during 1956-57. Other amounts include the following: Acalanes Union High School, $591.48; Contra Costa County, 1,660.50; Mt. Diablo Unified, 6,-466.01; San Ramon Valley Union High, 735.72.

The amount this year was an increase of $2392 over last year's total allocation to county schools, said Ferrell.

Letters to The Editor

CIVIC AFFAIRS

Dear Editor:

In order to keep the record straight I feel an answer is necessary to Dorothy Barden's letter in last week's Orinda Sun. As secretary of the Civic Affairs Committee of the Orinda Association for the last year, I have checked the records and fail to understand how Mrs. Barden arrives at her conclusions.

She wrote that the committee does not give a democratic expresison of the will of teh people as she believes "no one really 'represents' his organization, because the issues are nearly always voted upon the same evening that they are presented."

At only one meeting this year do I find an important issue being voted on without it being on the agenda and the members notified previous to the meeting. This was the July 15 meeting of the Civic Afafirs Committee, when a motion was made by Dorothy Barden that Civic Affairs give a vote of confidence to the Board of Directors on its recent decision to appeal their case against PIE to the higher courts.

THERE WAS considerable argument, as some of the representatives felt that, according to precedent this year, in cases of a higly controversial issue no vote should be taken without the representatives being previously notified and being given an opportunity to find out the feelings of their respective groups regarding the proposed motion. I had not been told this vote would be taken and, when reminding the representatives of the meeting, had only notified them routine committee reports were on the agenda. The meeting had the fewest representatives attending this year.

Mrs. Barden insisted on the vote being taken in spite of the fact she was reminded that in March of this year, after proper notification, a vote had been taken regarding this same issue. That votew as taken at the specific request of the directors, made at the February meeting. Twice as many representatives were present at that time and of the 28 present, 16 voted against appealing the case, six voted in favor of appealing and six abstained. In this case the Board of Directors did not follow Civic Affairs recommendation, as they decided thereafter to appeal the PIE case to the higher courts. It was following this decision of the board that Mrs. Barden made her motion to give them a vote of confidence. After many protests that this was not on the agenda, Ross Van Dyke, acting chairman in the absence of Dr. Ralph Hall, asked for the vote. The results were 9 to 5 in favor of a vote of confidence.

I also fail to understand her statement that the Civic Affairs Committee "actually rules the affairs of the community, especially now that they have asked the board to rescind actions already taken." Mrs. Barden, herself, was the one who made the first motion at the last Civic Affairs meeting by moving we give a vote of confidence to the board on their decision not to allow present 1957 members of the association to vote in the coming election for directors. Her motion was overwhelmingly voted down, as the directors had acted against the by-laws and against the California State Corporation laws. The members also felt that if an election is held while a member is in good standing that he should be permitted to vote.

HER REASON for suggesting a special by-law to prevent "husband and wife teams," as she thinks it "seems to vest too much power in one family," is also difficult to understand. There is only one husband and wife "team" on the Civic Affairs Committee and they have come as voting members only once. Only one other so-called "team" was there as voting members once, when the husband served as an alternate representative for his organization.

The Civic Affairs Committee was organized to act as a "sounding board" for Orinda. By having a great many organizations in Orinda sending members to it, a method was devised for getting a large, representative group together to discuss Orinda's problems. In this way we can have a cross-section of opinion.

Mrs. Barden stated in her letter that she felt "no one really 'represents' his organization." We have had several discussions at Civic Afafirs on this question and it was felt that some representatives can and do determine their groups' feelings and even bring letters from their groups as to their wishes, but many other representatives can never say they represent their groups, as their organizations are of the type which desire to remain non-controversial or are to large to poll.

BECAUSE OF THIS it is understood that wnen a representative is speaking or voting, unless he states specifically otherwise, he is voting and speaking only for himself.

As to Mrs. Barden's suggestion about Civic Affairs being made workable by amending the by-laws so as "to restrict its power, so that the board of directors does not become a group of mere figureheads," the only power the committee has now is to request, suggest, recommend and appoint subcommittees for special studies or surveys.

The many wise men who founded the Orinda Association and drew up its constitution specifically stated in the constitution that the board of directors was to have no power to control or supervise the Civic Affairs Committee. It was not meant to be a committee to give only votes of confidence or in effect to be the board's cheering section, unless the people of Orinda felt the board had earned its cheers.

The members of the Civic Affairs Committee have done a conscientious job this year and are truly attempting to act as a "sounding board" for Orinda.

Attend Ballet

Girl Scout Troop 21 of Orinda had an exciting experience last Saturday when it attended the ballet. The girls saw the Royal Ballet perform the "Sleeping Beauty" full-length ballet.

They were accompanied by Mrs. Patricia Phillips of Berkeley, who had told the girls of her friendship with Margot Fonteyn, the prima ballerina. She recounted their ballet training in Shanghai and told many personal anecdotes.

She shared her knowledge of ballet so that the girls were able to enjoy the ballet more thoroughly. The troop is very pround of a picture which Margot Fonteyn specially autographed for it. The girls will cherish their programs, which were autographed by her.

This program will assist the troop to earn the Dancer badge.

Co-op Opens Gas Station; Celebration

The young folks in the community are sporting give-away Fire Chief hats given during gala opening days, Wednesday through tomorrow at the new Cooperative Center Texaco Service Station at 1510 Geary Road, Walnut Creek.

Special for the opening days feature tires, batteries and filters. Applications are being taken for Texaco credit cards which are honored not only at the new Cooperative Center in Walnut and Berkeley, but nationally as well, Wally Braaten pointed out.

For more than 2½ years employed at the Berkeley Co-op Service Station, Braaten will serve as manager of the new unit.

"Prices of gasoline will be competitive with those in the area. Our service will be complete with windshield cleaning, checking radiator and battery water, old level and tire presssures," Braaten emphasized.

"We aim to give the public and our members as much shopping convenience and pleasure as we can muster." he said.

Additional shopping convenience at the station will include rental equipment such as hand tools, pruning shears, vacumn cleaner, floor waxer and polishers, etc; and a two-day shoe repair service on a leave-and-pick-up basis, he pointed out.

A companion structure to the new supermarket, the service station with a 40 foot frontage and 30 foot depth was built of steel trusses and brick by R. L. Logan and Company of Hayward.

Four cars can be accomodated at a time with rapid, highly competent service. While the supermarket is closed Sundays, Braaten announced that plans call for the station to be open on Sundays for the public's and members' convenience.

The fire chief hats are given to children under 12 when accompanied by parents.

Concert Guild First Session Is Tonight

The first concert of the Contra Costa Concert Guild will be held tonight at 8:30 in the El Campanil Theater, Antioch.

The San Francisco Operatic Quarter will perform. Many members of the Guild are from the central county area, according to Guild President Mrs. William Page of Antioch.

The quartet will offer operatic arias. Members are Nancy Cronberg, sophrano; Margo Blum, contralto; Jess Thomas, t e n o r; Ronald Dutro, baritone. T h e r e will be a limited number of season tickets available at the box office, Mrs. Page said.

HIGHWAY NUMBERING
Wisconsin was the first state to establish an official highway numbering system.

'Audible' Siren Alert Is Planned By CD Workers

Contra Costa County and city Civil Defense offices will participate in a "siren" practice alert December 20 at 11 a.m., at the request of the Federal Civil Defense Administration.

Ralph Holmes, county acting director, said that the county had adopted a policy of no audible tests, but federal and state workers wish to determine "attack warning coverage and the effectiveness of the public warning system."

Holmes said, "The sirens will sound the "take cover" signal, three minutes of undulating, wailing, warbling, up-and-down tone.

He added, "We wish to emphasize that this will be a test only.

"No action is requested of the general public except to listen and inform the civil defense office by mail whether or not they heard the sirens, how well, and whether he or she was indoors or outdoors when the sirens sounded.

"Also we would like to know whether the listener inside the house had a radio or television, vacuum cleaner or other appliance going.

"We will appreciate all letters from people in the county giving this information. It will be a great help, Holmes added.

School Group Adds Members

Contra Costa County School District Organization Committee today added four new members - William Leath of Concord, representing Mt. Diablo Unified area; Mrs. Margaret Plummer of Martinez, Alhambra area; Frank Loher of El Cerrito, Richmond area, and Phillip Millspaugh of Richmond, member-at-large.

Loher will serve for one year, completing the unexpired term of Mrs. Frances Blanton of San Pablo, resigned, and the others will serve four-year terms.

Dr. Jack Shahbazian of San Ramon Valley is chairman of the 11 member committee, which is currently studying school district organization in the area of Richmond Union High School District and possible new combinations of districts by unionization or unification.

Marie Stengel Will Head Diablo Weavers in '58

The November meeting of the Diablo Weavers Guild was held at the home of Mrs. Estelle Gore, Orinda, and featured election of officers for the coming year. Elected were Mesdames Marie Stengel, president; Emma Flanders, vice president; Alberta Benson, secretary; Margaret Warnke, treasurer; Susan Campbell, librarian, and Lin Nickerson, program chairman.

Speaker was Mrs. Doris Ogden who demonstrated the use of the inkle loom in weaving. She also showed card weaving and Mary Atwater's "pickup" weave on the inkle loom. Mrs. Ogden has been active in teaching weaving to patients at the Navy Hospital since World War II.

Mrs. Helen Bayley and Mrs. Helen Work were admitted to membership in the guild. Guests for the day and prospective members were Mrs. Byron Bole and Mrs. Victor Sease of Orinda.

Among the handwoven items shown cotton yardage for man's sport shirt by Claire Pfeiffer; leno yardage for drapes by Noble James; cotton peasant skirt by Lin Nickerson; linen place mat by Estelle Gore; cotton and wool skirt yardage by Susie Warren; cotton, rayon boucle, and lurex dress yardage by Pet Holcombe; French Spun woolen worsted ties by Marge Snipe; cotton Brooks Boquet table runner by Alice Evans.

Noble James was announced as a coordinator for the Northern California Conference of Handweavers, to be held at Santa Rosa in May, with Pet Holcombe as her alternate. The conference committee from Diablo Weavers consists of Jean Evers, chairman, Albeta Benson, Marge Snipe, and Lin Nickerson.

The Christmas Party and installation of officers will be held December 19 at 11 a.m. at the home of Mrs. Marie Stengel, Lafayette. It will feature a turkey dinner and exchange of gifts among the membership.

Members present at the November meeting were: Mrs. Estelle Gore (hostess), and Pet Holcombe, Orinda; Marie Stengel, Susie Warren, Ruth Schwerin, and Margaret Warnke, Lafayette; Claire Pfeiffer, Jean Doran, Alice Evans, and Emma Flanders, Walnut Creek; Jean Evers and Noble James, Concord; Marge Snipe and Lin Nickerson, Alamo; Madeline Frinke, Alameda; and Alberta Benson, Martinez.
